FROM

Commissioner, N. D.;

To

THE CHIEF SECRETARY TO GOVERNMENT,
Revenue Department.

Ahmedabad, 6th October 1891.

SIR,

I.—Statement showing the constitution of the Local Boards.
II.— Do. the income of do.
III.— Do. the expenditure of do.
IV.— Do. the details of works for the improvement of sanitation.

I have the honour to submit the annual report on the administration of the Local Funds in this Division for the year 1890-91 and to append the statements noted in the margin.

Ahmedabad Collector's No. 374, dated 15th August 1891.
Kaira Collector's No. 297, dated 18th August 1891.
Panch Maháls Collector's No. L. F. M., 293 dated 20th August 1891.
Broach Collector's No. 137, dated 31st July 1891.
Surat Collector's No. 1189, dated 22nd August 1891.
Thána Collector's No. 6498, dated 1st September 1891.

2. The reports, as per margin, of the Collectors and Presidents are also appended in original, together with the statistical returns in the prescribed forms.

3. Agreeably to the instructions contained in Government Resolution No. 3456, dated 30th September 1891, the census figures of 1881 have been entered in the columns relating to population of the statements appended to this report, but the Collectors' statements contain the figures of the census of 1891. I have not deemed it necessary to return the Collectors' statements for correction at the last moment, and as the statements appended to my report furnish all the information embodied in the Collectors' statements, it is hardly necessary to delay this report in order to correct the latter.

STATEMENT I.

4. There has been no change in the constitution of the several District and Táluka Boards. The former are presided over by the Collectors and the latter by the Assistant and District Deputy Collectors in charge of the tálukas. As compared with last year there is an increase of 2 members, the total number now being 729. Two members were added to the Táluka Board of A'mod, in consequence of the establishment of a Municipality in the town of that name Of the total number of members, 11 are *ex-officio*, 391 nominated and 327 elected The preponderance of nominated members is due to the elective franchise not having been extended to the Panch Maháls and to the Presidents being official members. There were 194 official and 535 non-official members, as against 186 and 541, respectively, in the preceding year.

5. The total number of meetings held during the year was 252 as compared with 248 in the previous year. The following table shows the total number of

meetings held in each district, the number of official and non-official members and the average attendance at meetings :—

District.	Number of meetings.	Members.			Average Attendance of		
		Officials.	Non-officials.	Total.	Officials.	Non-officials.	Total.
Ahmedabad	53	55	92	147	2·3	4·4	6·7
Kaira... ...	33	45	89	134	3·9	6·1	10·0
Panch Mahâls	9	11	21	32	2·1	3·5	5·6
Broach	36	18	78	96	1·58	7·14	8·72
Surat...	78	36	99	135	2·1	4·5	6·6
Thána	43	29	156	185	1·6	6·6	8·2
Total ...	252	194	535	729	2·2	5·5	7·7

6. The average attendance is about the same as that of last year in all districts, except the Panch Mahâls, where there is marked improvement. I find that the Collectors have not generally made any remarks regarding the attendance of members, but the Collector of Surat observes that "there is a fair amount of public spirit shown in the promotion of local works," and the Collector of Kaira observes that the attendance of the Táluka Local Board of Thásra is "distinctly unsatisfactory."

7. The District Board of Kaira held the largest number of meetings, 4 meetings having been held, while the District Boards of Ahmedabad, the Panch Mahâls, Surat and Thána found it necessary to hold only 2 meetings, and the District Board of Broach 3 meetings. Some of the Táluka Boards met far oftener than others: for instance the Chikhli Board held 17 meetings, while several other Boards assembled from 2 to 4 times only.

Statement II.

8. The total income of the Local Boards amounted to Rs. 11,99,363 against Rs. 11,56,435 in the previous year. The year opened with a balance of Rs. 6,87,716, and the amount available for expenditure was thus Rs. 18,87,079, as compared with Rs. 18,53,854 in the preceding year.

9. The principal items from which income was derived are as follows :—

Heads.	1890-91.			1889-90.		
	Rs.	a.	p.	Rs.	a.	p.
I.—Land Revenue	2,810	1	3	63,226	12	2
VI.—Provincial Rates	7,42,321	12	6	7,38,056	9	6
XIX.—Education	33,690	13	5	39,544	10	6
XXXII.—Civil Works	56,236	11	11	1,54,220	6	5
Contributions	3,18,255	9	10	1,34,061	12	4
Miscellaneous	1,903	14	0	3,942	0	2
Cattle-pound Fees	15,033	1	10	12,206	14	6
Debt	21,448	11	7	5,221	0	0

I.—Land Revenue.—The receipts under this head for the whole Division amounted to Rs. 2,810-1-3 as compared with Rs. 63,226-12-2 during the preceding year. The large decrease this year is due to the inclusion of sand and quarry fees under "Contributions," as per instructions conveyed in paragraph 5 of Government Resolution No. 3847, dated 5th June 1891. The receipts under this head are now wholly from sale-proceeds of trees, grass, &c.

VI.—Provincial Rates.—The revenue shown under this head is the net proceeds of the one-anna cess levied under the Bombay Local Funds Act of 1869, and amounted to Rs. 7,42,321-12-6, as compared with Rs. 7,38,031-9-6 during 1889-90. This is the chief source of Local Board income, and contributes 61·9 per cent. to the total income of the Boards.

10. The following table shows the proportion of the total income derived from this source in the several districts in this Division and the incidence of the one-anna cess per head of population :—

District.	Total Income.	Revenue derived from One-anna Cess.	Percentage of column 3 to column 2.	Incidence of One-anna Cess per head of population.
1	2	3	4	5
	Rs a. p.	Rs. a. p.		Rs. a. p.
Ahmedabad	2,06,504 3 10	1,27,890 2 1	61·9	0 2 5
Kaira	2,20,089 3 4	1,66,453 5 11	75·6	0 3 4
Panch Mahâls	71,297 6 3	27,983 15 3	39·2	0 1 9
Broach	2,08,194 9 7	1,76,318 4 7	84·7	0 8 8
Surat	2,54,415 9 9	1,63,667 2 4	64·3	0 4 3
Thâna	2,38,862 4 5	80,008 14 4	33·5	0 1 7

XIX.—Education.—The income under this head is made up of :—

	Rs. a. p.
School fees	30,760 10 0
Contribution towards maintenance of schools... and ...	1,821 7 2
Miscellaneous receipts, being sale-proceeds of books, waste paper, unserviceable dead stock, &c.	1,108 12 3

The total amounted to Rs. 33,690-13-5 as compared with Rs. 39,544-10-5 in the previous year. The decrease is due to a falling off in miscellaneous receipts, which are necessarily fluctuating, and to the inclusion this year of the contributions towards school buildings under Civil Works.

XXXII.—Civil Works.—The income under this head amounted to Rs. 56,236-11-11 as contrasted with Rs. 1,54,220-6-5 during the preceding year. The large falling off is due to the transfer of road toll receipts to "Contributions." In the Collectors' statements these receipts were variously entered, under "Civil Works in charge of Public Works Officers" or under "Miscellaneous" subordinate to Civil Works, while in some districts the heading "Ferry Tolls" was altered to suit this item, as well as the one more properly belonging to it. To secure uniformity, and as no special column has been provided, the amount has been entered under Contribution, in accordance with the instructions in paragraph 5 of Government Resolution No. 3847, dated 5th June 1891. I think, however, the heading "Ferry Tolls" should be altered to "Tolls on Ferries and Roads." It is anomalous that ferry tolls should be credited under Civil Works, while road tolls should not be. The principal items of income now remaining under this head are the ferry toll receipts and people's contribution towards works. The amount realized from these sources amounted to Rs. 51,235.

Contributions.—The income under this head is made up of the following items of revenue :—

(1) Road toll receipts,
(2) Sand and quarry fees,
(3) Provincial contribution towards
  (*a*) Maintenance of schools,
  (*b*) Construction of school buildings,
  (*c*) Improvement of water-supply, and
(4) Contribution in lieu of one-anna cess on excise revenue.

The receipts under this head amounted last year to Rs. 1,34,061-12-4. The large increase this year is due to the inclusion of the road tolls and sand and quarry fee receipts, as explained above.

Miscellaneous.—The revenue under this head was Rs. 1,903-14-0 against Rs. 3,942-0-2 in the preceding year. Of the income during the year under report, Rs. 1,319-5-5 were received on account of staging bungalow and serâi fees and the remaining amount is made up of (1) the sale-proceeds of old stores and materials and fruits, and (2) other items.

Cattle-pound Fees.—The net amount of fees under this head assigned by Government during the year under report amounted to Rs. 15,033-1-10 as against Rs. 12,206-14-6 in the preceding year.

Debt.—The increase under this head is due to Rs. 17,000, the amount of the Local Board contribution towards the construction of the Ellis Bridge across the Sábarmati river at Ahmedabad having been debited to the Board's account and kept in deposit.

The incidence of income per head of population was as under in each district :—

	Rs.	a.	p.
Ahmedabad	0	3	10
Kaira	0	4	5
Panch Mahála	0	4	6
Broach	0	10	2
Surat	0	5	0

STATEMENT III.

11. The total expenditure during the year amounted to Rs. 11,01,407 as compared with Rs. 11,71,258 in the previous year. The following table gives the principal items of expenditure in contrast with the figures under the same heads for the preceding year :—

Administration.—The expenditure entered under this head includes charges on account of establishments entertained by Local Boards under Section 38 of the Act, as also the pay and allowances of clerks employed on Local Fund work in the offices of Collectors, Divisional Commissioners, Accountant General and Educational Inspectors.

The expenditure on account of the first-mentioned establishment amounted to Rs. 16,767-6-8 against Rs. 20,254-15-6 in the preceding year, and the charges on account of establishment in the Government offices enumerated above amounted to Rs. 24,898-13-11 against Rs. 22,242-1-8 in 1889-90.

Education.—The following are the details of the expenditure incurred under this head :—

	Rs.	a.	p.
Middle class schools	541	5	4
Primary schools	3,23,887	4	9
Grants-in-aid to indigenous schools and schools transferred to Municipalities	13,612	3	4
Scholarships	7,093	14	6
Miscellaneous and Refunds	139	4	7

The large decrease in the expenditure this year is due to the transfer of primary schools to the newly constituted Municipalities.

Medical.—The following are the items which make up the expenditure under this head :—

	Rs.	a.	p.
Grants to Hospitals and Dispensaries	27,664	14	2
Vaccination Establishment and charges	17,709	10	7
Sanitation charges	866	12	3
Medical Schools and charges	240	0	0

Stationery and Printing.—The expenditure entered under this head represents charges on account of stationery purchased in the country for office use and of printing. It is very moderate, as it amounts to only Rs. 2,570, though it is twice as much as was spent last year.

Scientific and other Minor Departments.—The expenditure entered under this head comprised the following items :—

	Rs.	a.	p.
Contributions to exhibitions and fairs	1,000	0	0
Veterinary charges	700	0	0
Bull and Stallion charges	1,476	9	9
Provincial statistics	3,190	2	1

The increase of Rs. 1,689 during the year is owing to expenditure incurred in collecting traffic statistics on some of the important roads in the Division in connection with the new scheme of opening feeder lines of railway.

Miscellaneous.—This item includes charges on account of dharamshála and staging bungalow establishments and petty establishments maintained by Local Boards. Contributions to Municipalities (under Section 47 of the Local Boards Act), which could not be shown under the major head 'Contributions,' having been made for the purpose described in Section 30, are also entered under this head, as per instructions given in the accompaniment to Government Resolution No. 4686, dated 5th July 1890. This also explains the large increase under this head, as compared with last year.

Civil Works.—The expenditure under this head amounted to Rs. 5,85,087-3-7, against Rs. 6,32,886-13-11 in the preceding year, showing a decrease of Rs. 47,799-10-4, and representing a proportion of 53 per cent. to the total expenditure during the year. The following are the principal items :—

Grand Total ...	5,85,087 3 7	6,32,886 13 11	56,214 11 3	1,04,014 5 7

It will be seen from the above that Rs. 3,50,738-11-1, or 60 per cent. of the total expenditure, were spent during the year under report on the construction and maintenance of roads, against Rs. 4,03,753-8-10 during the preceding year or Rs. 53,014-13-9 less.

The expenditure on water-supply amounted to Rs. 1,46,709-11-6, or 25 per cent. of the total, against Rs. 1,35,361-11-8 in the preceding year, showing an increase of Rs. 11,347-15-10. It is satisfactory to note that more attention is being paid to this class of works.

The expenditure on civil buildings represents the charges incurred in the construction and repairs of school-houses, dharamshálás, staging bungalows and dispensaries in charge of Local Boards.

Taking each district separately the expenditure on communications by Public Works and Civil Agency is as follows :—

	Public Works Agency.		Civil Agency.	
	Original Works.	Repairs.	Original Works.	Repairs.
	Rs.	Rs.	Rs.	Rs.
Ahmedabad	20,146	28,766	1,710	16,830
Kaira	15,851	33,861	3,477	5,828
Panch Mahálś	1,375	16,994	.....	1,171
Broach	7,921	10,640	733	9,982
Surat	5,531	7,634	13,040	31,196
Thána	44,538	60,908	3,464	9,140

There appears to have been a strong tendency in the Surat District to confine expenditure to Civil agency, but the Collector has already noted this and is gradually transferring the charge of the larger and more important roads to the Executive Engineer. In Thána, Kaira and the Panch Mahálś a very large proportion of the expenditure is incurred by the Public Works Department, and it would be well if a larger proportion of the repairs in Ahmedabad and Broach could be handed over.

Contributions.—The expenditure under this head amounts to Rs. 8,824 as compared with Rs. 3,267-7-5 during the previous year. The amount is made up of the following items :—

	Rs.
(1) Contribution by the Local Board of Ahmedabad towards the construction of the Ellis Bridge	17,000
(2) Local Board's contribution towards the maintenance of Hospitals	1,150
(3) Local Board's contribution towards construction and repairs of Hospital buildings	624

The decrease under this head is due to the transfer of grants to Municipalities under Section 47 of the Act, as explained under the head Miscellaneous.

Debt.—The expenditure under this head includes repayments of the loans advanced to the District Boards of Ahmedabad and Broach and of contractors' deposits.

Interest on Debt.—This item represents the amount of interest for 1890-91 paid by the Surat Local Board on the balance of the loan advanced to it.

Balance.—As stated in paragraph 8 above, the year opened with a balance of Rs. 6,87,716, while at its close there was a balance of Rs. 7,85,672, or Rs. 97,956 more. The balances must necessarily be large, as Local Boards are not allowed to overdraw their account with the Government Treasury.

STATEMENT IV.

12. The following is a brief abstract of the expenditure in the several districts on village sanitation :—

District.	Improvement of water-supply.	Improvement of village site, &c.	Conservancy of towns and villages.	Sanitary arrangement at fairs and festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.

	1,48,276 10 11	2,872 3 1	1,651 14 2	677 0 5	.....

Out of the total expenditure of Rs. 1,48,276 on water-supply, Rs. 7,188 were spent on new tanks—11 in Broach, 3 in Surat and 4 in Thâna and one dam in the first-mentioned district, while Rs. 77,190 were spent on 226 new wells and 5 troughs, as follows, in each district:—

	Wells.	Troughs.	Expenditure.
			Rs.
Ahmedabad...	20	5	8,592
Kaira	46	...	17,142
Panch Mahâls	21	...	8,481
Broach	21	...	11,140
Surat	35	...	8,495
Thâna	83	...	23,337

The expenditure in improving the existing sources of water-supply amounted to Rs. 63,898, each district spending the following sums :—

	Rs.
Ahmedabad	10,026
Kaira	14,074
Panch Mahâls	3,419
Broach	12,069
Surat...	19,335
Thâna	4,972

Nothing would appear to have been done in Gujarát for the improvement of village sites, removal of prickly-pear and for general conservancy, but from the separate reports submitted under Government Resolution No. 4367, dated 13th August 1890, and which are now coming in, it appears that while no expenditure has been incurred from Local Funds, action has been taken in many villages for the removal of prickly-pear and for improving the general conservancy with the assistance of the villagers themselves and by the utilization of the services of the village sweepers. The sum of Rs. 2,872 was spent in 22 villages in the Thána District in improving village sites, and Rs. 147 in improving and keeping clean the roads in the town of Sháhápur.

The only expenditure incurred on sanitary arrangements at fairs was in the Broach District, Rs. 677 having been spent at the Bhadbhut Fair.

13. As required by Government Resolution No. 779, dated 30th January 1890, I beg to submit herewith the notes of the several Executive Engineers in this Division, showing the original cost, mileage and present condition of the Local Fund roads in their charges

I have the honour to be,

Sir,

Your most obedient Servant,

J. K. SPENCE,

Commissioner, N. D.

No. $\frac{R}{4712}$ OF 1891.

FROM

THE HONOURABLE J. G. MOORE, C. S.,
Commissioner, C. D.;

To

THE CHIEF SECRETARY TO GOVERNMENT,
Revenue Department.

Poona, 27th October 1891.

SIR,

I have the honour to submit the following report on the Administration of the Local Boards in the Central Division during the year 1890-91.

2. The statistical statements mentioned below, prescribed by the Government of India, have been forwarded to the Compiler of the General Administration Report :—

I.—Constitution of the Boards.
II.—Receipts of the Boards.
III.—Expenditure of the Boards.
IV.—Sanitary Improvements.

STATEMENT I.

3. The number of District and Táluka Local Boards and the number of members serving on them have remained stationary. Of the total number of members (1,198), 6 were *ex-officio*, 636 nominated and 556 elected. The right of election has been enjoyed by all the Boards in the Division except Peint, from which it has been withheld owing to the backward condition of its people. There were 284 official members as compared with 914 non-officials. Three seats were vacant at the close of the year—two on the Táluka Board of Násik and one on that of Kalvan. The number of European and Eurasian members was 69 and that of natives 1,129 against 76 and 1,120 respectively in the previous year.

4. Comparing the figures of average attendance at meetings for the year under report with those of the preceding year, there appears a slight improvement in the Ahmednagar District, taken as a whole, both as regards the official and non-official members. The attendance of officials was fairly satisfactory in all the Boards of the district, except the Táluka Boards of Shevgaon, Sangamner, Akola and Shrígonda. The attendance of non-officials, however, was, as a general rule, below the mark, the only exceptions being the Táluka Boards of Nagar, Shevgaon, Sangamner and Karjat. In this connection Mr. Waddington writes :—

"There is very little, if any, improvement in the attendance of the members of the Táluka Local Boards, as compared with last year; it is undeniable, as I can confidently state from personal experience, that the members with a few exceptions take but little interest in the works undertaken by the Boards, and indeed they only care to be on them for the sake of the little personal importance that attaches itself to the position."

And in another place he states :—

"The administration during the year was, on the whole, satisfactory; nearly all that has been done is due to official management, very little assistance having been derived from the non-official element."

5. In the Khándesh District also, a slight improvement is observable with regard to the average attendance of both officials and non-officials. Taking the Local Boards individually, the attendance of official members was satisfactory, except in the case of the tálukas of Dhulia, Amalner, Erandol, Pimpalner, Sindkheda and Jalgaon. The attendance of non-officials was generally fair, except in the case of the District Board, Khándesh, and the Táluka Boards of Erandol, Páchora, Sháháda and Sávda. In the last-named táluka, the attendance (1·6 out of a total of 15) was simply discreditable.

6. In the Násik District, the attendance of official members was generally very satisfactory, except in the case of the Násik Táluka Board. The attendance

of the non-officials, however, was below the mark with regard to the Násik District Board and the Táluka Boards of Sinnar, Dindori, Niphád, Chándor, Yeola, Kalvan and Peint.

7. The attendance of the official members in the Poona District was good, except in the case of the Haveli Táluka Board. The attendance of the non-official members, however, was in some cases below one-half.

8. There is a marked improvement in the attendance of the official members in the Sátára District as a whole, as compared with the previous year, but it is a matter for regret that the attendance of the non-officials indicates a falling off to a corresponding degree. The attendance of both the classes of members was in a few cases below the usually accepted standard of one-half.

9. As compared with the preceding year, the attendance of both the officials and non-officials in the Sholápur District, taken as a whole, shows a slight decrease. The attendance of the official members, however, of all the Boards in the district was fairly satisfactory; at the same time it is somewhat surprising to notice that in every case the attendance of the non-official element was below one-half.

10. Looking at the results for the Division as a whole, there has been a little improvement in the attendance of official members; but the attendance of non-official members, on the other hand, shows a deterioration which is all the more to be regretted, in the interests of local self-government.

Statement II.

11. The total income of the year from all sources, excluding the opening balance, for the whole Division amounted to Rs. 13,16,035-6-0; while that, including the opening balance, came up to Rs. 20,10,324-4-5. The corresponding figures for the preceding year were Rs. 12,74,953-6-0 and Rs. 19,01,682-15-9 respectively. The following statement gives the receipts under various heads:—

School furniture	600	0	0
Prizes	463	13	0
Contingencies and miscellaneous	3,182	9	11
	5,567	0	3

The sum of Rs. 1,376-15-11, entered under "Miscellaneous and Unforeseen Charges" subordinate to "32.—Miscellaneous" is on account of planting and preserving road-side trees.

The sum of Rs. 1,100, entered under "Deposits and Advances" subordinate to "Debt," is on account of permanent advances made to Táluka Local Boards for repairs to school-houses during the year in addition to Rs. 2,500 previously advanced.

21. The Collector of Khándesh reports that the amount of Rs. 497 shown under "Miscellaneous" subordinate to "22.—Education," represents grants made to indigenous schools. Rs. 2,336-1-0, shown under "Refunds" subordinate to the same major head, were refunded to the Jalgaon Municipality, that body having undertaken to construct departmentally the school building for which the amount was intended. Rs. 3,733-2-6 under "Other petty establishment and charges" subordinate to "32.—Miscellaneous" is on account of planting and preserving road-side trees, and Rs. 521-8-4, given under "Miscellaneous Refunds" subordinate to the same major head, represents the amount paid to Municipalities under Section 47 of the Act and refunds made on account of contractor's deposits.

22. The Collector of Násik reports that the amount of Rs. 5,828-7-0 shown under "Miscellaneous" subordinate to "22.—Education" is made up of the following items:—

	Rs.	a.	p.
Travelling allowance to masters	52	14	0
Rent of school buildings	1,009	9	3
Cost of books	360	2	3
School furniture	600	0	0

	5,828	7	0

The item of Rs. 1,141-1-8 under "29.—Superannuation Allowances and Pensions" includes the pensions of Mr. Proctor Sims and other Local Fund employés.

The items of Rs. 3,965-11-6 and Rs. 25 shown under "32.—Miscellaneous" are—the first for maintaining and preserving road-side trees, and the second on account of popular contributions towards a chavdi at Donewádi, táluka Násik, having been refunded, as the work was not carried out.

The item of Rs. 300 under "Debt" is on account of an advance drawn under Section 50 of the Local Boards Act I of 1884.

23. The Collector of Poona furnishes the following particulars:—

The amount of Rs. 4,367-10-1 entered under "Miscellaneous" subordinate to "22.—Education" consists of the items noted below:—

	Rs.	a.	p.
Rent	487	10	8
Cost of books	394	15	10
School furniture	389	9	6
Contingencies and miscellaneous	2,680	0	1
Prizes	415	6	0
	4,367	10	1

XXXII.—Miscellaneous.—The item shown under sub-head "Other petty establishment and charges" represents charges for planting and preserving trees on Local Fund roads, and the amount entered under sub-head "Miscellaneous and Unforeseen Charges" is on account of expenses for analyzing water of the spring at Paud, in táluka Haveli. Regarding the sum of Rs. 40 under the sub-head "Miscellaneous Refunds," the Collector writes:—

"The item of Rs. 40 is a write-back of provincial contribution. It was erroneously credited to Local Funds in 1889-90 and was subsequently debited to that head as refund and credited to its proper head in the Provincial Accounts."

And, in connection with the amounts appearing under major heads "Debt" and "Interest on debt," he states:—

"The loan of Rs. 40,000 at the rate of 6 per cent. per annum was obtained from Messrs. Sadáshiv Mahádev Purandhare and Náráyan Bhai Dándekar for the construction of a bridge over the Indráyani river at Indori, under the authority of Government Resolution, Revenue Department, No. 1604, dated 3rd June 1885. Interest on this sum, which came to Rs. 16,688 by calculating it on the balance remaining after payment of each instalment, was added to it (Rs. 40,000), and the total amount, *viz.* Rs. 56,688, was stipulated to be paid by 24 half-yearly instalments of Rs. 2,362 each. No particular annual amount of interest can, therefore, be reported."

24. The Collector of Sátára states that Rs. 656-10-6 entered under "Miscellaneous" subordinate to "22.—Education" represent the cost of school prizes, and that Rs. 400 shown under "Medical Schools and Colleges" subordinate to "24.—Medical" were paid as a contribution to the Lady Dufferin Fund for the promotion of female medical education. He further states that the item under "Miscellaneous and Unforeseen Charges" subordinate to "32.—Miscellaneous" consists of charges on account of road-side trees, and maintenance, &c., of lepers in the Ratnágiri Leper Asylum, as well as epidemic charges. With regard to Rs. 8-2-0 entered under "Miscellaneous Refunds" subordinate to the same major head, he writes:—

"Rs. 8-2-0 being originally credited as sale-proceeds of trees on Local Fund roads, were refunded to an Inámdár who claimed them."

25. *22.—Education.*—The Collector of Sholápur reports that Rs. 995-2-9 debited to "Miscellaneous" against the District Board—General, are on account of assignments to Municipalities under Section 47, and that the following are the details of the sum of Rs. 2,883-1-0 debited against the District Board—Educational:—

	Rs.	a.	p.
Rent of school-houses	59	13	10
Cost of books	397	5	0
Cost of school furniture	45	15	3
Contingencies	1,961	12	11
Prizes	418	2	0
	2,883	1	0

26. *Scientific and other Minor Departments.*—The following are the details of the item of Rs. 2,401-14-10 shown under "Experimental Cultivation" under this head on account of the agricultural class mentioned by the District Local Board:—

	Rs.	a.	p.
Pay of the agricultural teacher	806	10	8
Fixed conveyance allowance of teacher ...	60	0	0
Pay of farm servants	455	5	1
Scholarships to students	325	4	10
Contingencies	754	10	3
	2,401	14	10

Rs. 1,466-11-0, shown under "Other petty establishment and charges" subordinate to "32.—Miscellaneous," are on account of sweeping and cowdunging dharmsháls.

The sum of Rs. 5, shown under "Miscellaneous Refunds" subordinate to the above major head, "is on account of the refund of fees for sale of poisonous drugs at Pandharpur, paid to the Municipality of Pandharpur."

Debt.—Of the Rs. 420 shown under this head as "Deposits and Advances," Rs. 100 are on account of refund of the amount deposited by a contractor as security money during the previous year, and Rs. 320 are on account of permanent advance drawn by the Boards concerned.

STATEMENT IV.

27. The following statement exhibits the total expenditure incurred under the different heads, in the several districts of the Division, for the improvement of sanitation:—

Districts.	Improvement of water-supply.	Improvement of village sites.	Conservancy of towns and villages.	Other objects calculated to promote the safety, &c., of rural population.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	82,627 3 7	218 8 6	82 15 4	258 8 0

28. The amount spent on the improvement of water-supply in the whole Division during the year of report, *viz.*, Rs. 82,627-3-7, was much larger than that spent in the preceding year, *viz.*, Rs. 63,057-15-5. The largest expenditure was incurred in the Khándesh District and the smallest in Sholápur. The larger the amount spent for this purpose, the better for the health and comfort of the people at large, and it is gratifying to note that the importance of the subject is forcing itself on the attention of the Local Boards generally. The items under the other heads in the above statement are too small to require any special comment.

29. Referring to paragraph 3 of Government Resolution No. 779 (R. D.), dated 30th January 1890, I have the honour to forward, in original, communications marginally noted, from the Executive Engineers in this Division, furnishing information regarding the original cost, mileage and present condition of all Local Fund roads in their respective charges.

30. The reports and returns submitted this year by the Collectors indicate greater uniformity in their preparation than was observable last year, although, as before, they had to be returned for amendments and corrections.

I have the honour to be,
Sir,
Your most obedient Servant,
J. G. MOORE,
Commissioner, C. D.

No. 3875 of 1891.

From

The Honourable J. NUGENT, C. S.,
Commissioner, S. D.;

To

T. D. MACKENZIE, Esq., C. S.,
Chief Secretary to Government,
Revenue Department,
Bombay.

Belgaum, 6th October 1891.

Sir,

I have the honour to submit the Annual Report on the working of the Local Boards in the Southern Division for the year 1890-91.

Statement I.

2. There is an increase in both the area and the population. The increase in the former occurs in the Kánara Collectorate and is due to the substitution, for the old figures, of those furnished by the survey, which has lately been completed in that district. The population entered is according to the census taken in February last.

3. The number and constitution of the Boards continue to be the same as last year. The number of meetings held by the several Boards shows an aggregate decrease of 28, as compared with the number in the year 1889-90. All the District Boards complied with the provisions of the rule regarding the holding of half-yearly meetings. The Táluka Boards held a fair number of meetings, except those of Bágalkot, Bádámi and Hungund, which held only one each during the year. In Kánara, the average attendance at District Local Board meetings was 50 per cent. of the number of members; in Belgaum, Dhárwár and Kolába it was higher, and in Ratnágiri and Bijápur, slightly lower than that figure. The average attendance at Táluka Local Board meetings was in no case below one-third of the number of members. On the whole, the average attendance at meetings was satisfactory.

Statement II.

4. The income of the Boards amounted to Rs. 10,19,964-9-10 against Rs. 10,52,038-13-5 in the previous year, showing a decrease of Rs. 32,074-3-7. The table below displays the receipts under the various heads. It may be here noted that, to facilitate comparison, the classification of income for 1889-90 has been slightly altered:—

Heads.	Income during 1890-91.	Income during 1889-90.	Increase.	Decrease.

			Net decrease ...	32,074 3 7

The causes of increase or decrease under each head are given below:—

5. *I—Land Revenue.*—The income under this head consists of sale-proceeds of trees, grass, &c., and shows an increase of Rs. 282-13-8.

6. *VI—Provincial Rates.*—The revenue under this head comprises the net proceeds of the one-anna cess levied under the Bombay Local Fund Act, 1869, which is the chief source of the Local Fund revenue, having, as shown in the subjoined table, contributed 58·2 per cent. of the total income :—

Year.	Total Income.	Net Revenue derived from One-anna Cess.	Percentage of column 3 to column 2.	Incidence of One-anna Cess per head of population.
1	2	3	4	5
	Rs. a. p.	Rs. a. p		Rs. a. p.
1890-91	10,19,964 9 10	5,93,925 9 6	58·2	0 2 0
1889-90	10,52,038 13 5	5,91,132 0 1	56·1	0 2 3
	Net increase ...	2,793 9 5		

The slight decrease in the incidence is due to the increase in population. The revenue under this head fluctuates with the land revenue. The increase is chiefly due to the introduction of the revised survey rates in Belgaum and of the original survey in Kánara.

7. *XVII—Police.*—The receipts under this head (Rs. 21,943-12-11) were realized under the Cattle Traspass Act. The increase occurs chiefly in Dhárwár, and is attributed by the Collector to the better enforcement of the provisions of the Act in his district.

8. *XIX—Education.*—The income under this head rose from Rs. 19,307-5-5 in 1889-90 to Rs. 21,943-12-11 in the year under report. The increase occurs mostly in the amount of school fees. The total receipts are made up of—

(*a*) Rs. 96 on account of fees from students attending the drawing class in the Ratnágiri School of Industry.

(*b*) Rs. 1,011 on account of fees from scholars attending the secondary schools in the Dhárwár District.

(*c*) Rs. 53,154-14-3 on account of fees from children attending Local Board Primary schools.

(*d*) Rs. 1,454-9-1 contributed by private persons towards the charges of Local Board schools or towards the purchase of furniture, books, &c., required for the schools.

(*e*) Rs. 10,292-4-11 derived from miscellaneous items, but chiefly from the sale-proceeds of articles of furniture prepared in the workshop branch of the Ratnágiri School of Industry.

9. *XX—Medical.*—The receipts under this head increased from Rs. 99-2-4 to Rs. 478-7-9, of which Rs. 361 were contributed by the Municipalities of Kárwár, Haliyál and Sirsi in the Kánara District and those of Alíbág, Pen and Uran in the Kolába District towards the pay of vaccination establishment, and Rs. 117-7-9 were of a miscellaneous nature.

10. *XXI—Scientific and other Minor Departments.*—The receipts under this head show a falling off of Rs. 252-4-2, although there was a slight increase in the sale-proceeds of the produce of the Agricultural Farm at Belgaum, which amounted to Rs. 287-3-0 against Rs. 229-5-6 in the preceding year.

11. *XXV—Miscellaneous.*—There is a decrease of Rs. 851-5-6 in the receipts under this head, due to various causes.

12. *XXXII—Civil Works.*—The income under this head decreased from Rs. 73,669-8-9 to Rs. 71,783-2-5. The falling off is chiefly due to smaller realizations from tolls on ferries. The total receipts are made up of—

(*a*) Rs. 46,204-13-5 derived from tolls on ferries. The decrease in this item occurs in all the districts, except Belgaum and Bijápur. In Dhárwár, it is attributed to the gradual decline of the traffic on roads since the opening of the Southern Marátha Railway, and in Kánara, to the greater use of coasting steamers by the public. No explanation has been furnished by the Collectors of Kolába and Ratnágiri of the decrease in those districts.

(*b*) Rs. 506 realized from the rent of buildings and land. The decrease of Rs. 128-14-0 is chiefly due to the diminished receipts on account of rent of land in the Kánara District owing, the Collector states, to the general decline in trade.

(*c*) Rs. 935, realized from the sale of the materials of a boarding-house at Kaládgi, in the Bijápur District, and of a dharmshála at Kineshwar in the Kolába District.

(*d*) Rs. 409-3-1 derived from the sale-proceeds of stores and from miscellaneous items.

(*e*) Rs. 23,139-3-6 contributed by private persons towards various objects, as detailed in the following table :—

Districts.	For building School-houses.			For the construction of water works.			For the construction of Chavdis, Dharmshálás and other works.			Total.

Total ...	7,431	14	5	11,176	3	4	4,531	1	9	23,139	3	6

(*f*) Rs. 555-1-1 credited under the head "In charge of P. W. Officers;" of this, Rs. 2-8-0 were the proceeds of the sale of a jolly-boat in charge of the Executive Engineer, Bijápur, and the remainder was an item of account adjustment.

13. *Contributions.*—The receipts from this source amounted to Rs. 2,62,098-0-10 against Rs. 2,91,494-10-10 in the previous year, showing a falling off of Rs. 29,396-10-0. Last year, a sum of Rs. 63,984-4-6, which was contributed by the District to the Taluka Local Boards and *vice versâ*, was shown under this head. Such transactions have this year been excluded, in accordance with the orders contained in paragraph 2 of Government Resolution No. 3847, dated 5th June 1891; and, therefore, the decrease is only nominal.

14. Provincial contributions, however, increased from Rs. 1,27,510-6-4 to Rs. 2,62,098-0-10, of which the details are given below :—

District.	Net proceeds from Tolls on roads and bridges.	Fees for permission to remove sand or to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII of 1866.	Fixed contribution in lieu of one-anna cess on excise revenue.	Government grant for village sanitation and water-supply.	Government grant for primary education.	Government grant for special instruction.	Government grant towards the construction of school buildings.	Government grant towards the construction of roads or other public works.	Total.

The net proceeds from tolls on roads amounted to Rs. 38,127-14-4, as contrasted with Rs. 49,843-11-10 in the previous year, exhibiting a decrease of Rs. 11,715-13-6, which is chiefly due to an item of account adjustment being included under this head in 1889 in the Bijápur District.

The receipts from sand and quarry fees rose from Rs. 12,838-15-8 to Rs. 13,066-10-3, but those from fees, fines and penalties, under Bombay Act VIII of 1866, fell slightly, *viz.*, from Rs. 72-8-0 to Rs. 70.

The grants for village sanitation and water-supply, shown against Dhárwár, Kánara and Ratnágiri, also include those for the previous year, which were not credited in that year.

A sum of Rs. 9,990 was contributed by the District Local Board, Belgaum, towards the construction of the Hukeri-Sankeshvar road.

The other items in the above table call for no comment.

15. *Debt.*—A sum of Rs. 16 was credited during the year, and represents the recovery of the portion, remaining uncredited at the close of last year, of the advances granted to the Táluka Local Boards of Bágalkot and Hungund.

STATEMENT III.

16. The expenditure of the Boards for the year amounted to Rs. 9,72,336-8-10 against Rs. 9,72,395-13-0 for the previous year, showing a decrease of Rs. 59-4-2. The following table shows the expenditure under the various heads :—

The causes of increase and decrease under each head are given below :—

17. *1.—Refunds and Drawbacks.*—The absence, this year, of any account adjustment similar to that in the last year explains the decrease.

18. *18.—Administration.*—The expenditure under this head amounted to Rs. 35,609-1-4, as detailed below :—

(*a*) Rs. 12,544-4-9 and Rs. 3,363-13-7 were expended by the several Boards on the salaries of kárkúns, &c., entertained by them and on office contingencies, respectively, against Rs. 12,428-4-5 and Rs. 4,277-9-10 in the previous year.

(*b*) Rs. 19,700-15-0 were spent during the year against Rs. 20,276-11-5 in 1889-90 on account of establishments in Government offices of control, *viz.* in the offices of the Collectors, the Educational Inspector and the Commissioner, S. D., including fees payable for the work of auditing the Local Fund accounts performed by the Accountant General.

19. *20.—Police.*—There was no expenditure under this head, as only the net proceeds from cattle-pounds are credited to Local Funds. The debit of last year was of a special character.

20. *22.—Education.*—The total expenditure under this head (Rs. 3,91,649-6-8) exceeded that of the previous year (Rs. 3,57,493-7-5) by Rs. 34,155-15-3. The details are given below :—

(*a*) The establishment charges of the Ratnágiri School of Industry, the only technical school maintained out of Local Funds in the Division, amounted to Rs. 9,998-15-2 against Rs. 5,860-0-3, the increase being chiefly due to the payment of arrears of (*a*) furlough leave allowances of the superintendent of the school, and (*b*) pension contribution of the staff under the new rules.

(*b*) The charges on account of 5 secondary schools maintained in the Dhárwár District amounted to Rs. 1,190-9-1.

(*c*) Rs. 3,29,975-7-11 were spent on pay of teachers, servants, &c., employed in the Local Board primary schools, while the charges for the previous year amounted to Rs. 2,94,151-4-7 only. This large increase is partly due to the establishment of additional schools and partly to the increase in the pay of teachers.

The Local Board primary schools maintained during the year were as follows :—

Belgaum	181
Bijápur	249
Dhárwár	337
Kánara	145
Kolába	132
Ratnágiri	174
Total ...	1,218

(*d*) The expenditure on grants towards primary education sank from Rs. 17,513-2-7 to Rs. 11,524-4-11. The subjoined table, which contrasts the grants for 1890-91 with those for 1889-90, shows in which districts the grants made in the year under report are lower in amount than the grants given in the preceding year :—

(*e*) The expenditure on scholarships awarded to students attending training colleges, special schools, middle schools and primary schools fell from Rs. 5,667-13-2 to Rs. 4,954-4-11.

(*f*) The charges entered under the sub-head "Miscellaneous" decreased from Rs. 34,201-1-3 to Rs. 33,975-15-2. They include expenses on account

of rent of school-houses, purchase of furniture, books, &c., and other contingent charges connected with Local Board schools, the cost of prizes awarded to successful students at annual examinations, price of timber and other materials required for the workshop branch of the Ratnágiri School of Industry, as well as the annual pay (Rs. 600) of a European midwife employed by the District Board of Bijápur.

(*g*) "Refunds" amounted to Rs. 29-13-6 against Rs. 100-1-7 in the previous year.

21. *24.—Medical.*—The expenditure during the year (Rs. 38,641-10-4) consists of:—

(*a*) Grants to dispensaries amounting to Rs. 11,736-10-8; and

(*b*) Charges on account of vaccination establishments amounting to Rs. 26,904-15-8.

There is an increase in both these items; in the former, owing to the additional grants made by the Boards during the year, and in the latter, by reason of the employment of additional vaccinators in the Kánara District.

The table below shows the details of the grants to dispensaries paid during the year:—

22. *26.—Scientific and other Minor Departments.*—The charges under this head show a decrease of Rs. 1,575-12-11. The details of expenditure during the year (Rs. 2,326-14-3) are as follows :—

(*a*) The charges on account of the Agricultural Farm at Belgaum amounted to Rs. 468-10-0 against Rs. 827-9-4 in the previous year owing to the inclusion this year under the head "Education" of the outlay on stipends paid to students receiving instruction at the farm.

(*b*) A sum of Rs. 1,858-4-3 was spent on the upkeep of 6 Government stallions (1 in Belgaum, 1 in Bijápur and 4 in Dhárwár) and of 4 stud-bulls in Belgaum.

23. *30.—Stationery and Printing.*—The charges under this head fell from Rs. 2,149-5-1 to Rs. 1,979-7-1. The decrease is due to smaller purchases of stationery.

24. *32.—Miscellaneous.*—The expenditure under this head decreased from Rs. 14,931-6-10 to Rs. 14,743-1-9. The details are as follows :—

(*a*) Rs. 400 paid to the Roman Catholic Chaplain, Belgaum, towards the maintenance of two leper homes in the town of Belgaum.

(*b*) Rs. 9,184-13-0 on account of pay of the dharmshála keepers.

(*c*) Rs. 1,669-15-8 on account of pay of conservancy and other petty establishments.

(*d*) Rs. 2,287-0-2 for miscellaneous and unforeseen charges.

(*e*) Rs. 1,201-4-11 for miscellaneous refunds.

The decrease occurs in the last two items.

25. *45.—Civil Works.*—The total outlay under this head amounted to Rs. 4,66,565-12-9 against Rs. 4,34,031-0-2, showing an increase of Rs. 32,534-12-7. Of the total expenditure, Rs. 2,60,916-12-6 and Rs. 2,05,649-0-3 were spent on works carried out by the Civil and Public Works Departments agency respectively. The details of expenditure are given below :—

(*a*) *Civil Buildings.*—The following table shows the amount spent on "original works" and "repairs" carried out by the Civil and Public Works Departments agency :—

Agency.	Original Works.	Repairs.	Total Expenditure.
	Rs. a. p.	Rs. a. p.	Rs. a. p.

The amount spent on original works carried out by civil agency was mostly laid out on the improvement of petty local roads.

The following roads were in charge of the Public Works Department during the year :—

District.	Number of Roads.	Mileage.
Belgaum	6	114
Bijápur	9	267
Dhárwár	11	335
Kánara	3	124
Kolába	5	30
Total ...	34	870

No Local Fund roads in the Ratnágiri District were in charge of the Public Works Department during the year.

The notes of the Executive Engineers giving the original cost, the mileage, and their opinions on the present condition, of these roads will be found embodied in Appendix V.

(*c*) For miscellaneous public improvements an outlay of Rs. 10,940-1-3 on original works and of Rs. 910-2-2 on repairs was incurred.

(*d*) The expenditure on works connected with water-supply amounted to Rs. 71,772-0-4 against Rs. 84,998-6-5 in 1889-90. Full particulars of the works constructed by the several Boards will be found in Statement No. IV.

(*e*) A small "drainage" project costing Rs. 249-0-4 was carried out in the Bijápur District.

(*f*) The charges incurred by the several Boards on planting and maintaining road-side trees amounted to Rs. 9,398-13-1 against Rs. 12,531-2-3 in the previous year.

(*g*) Rs. 12,127-4-1 were expended by the District Boards on the salaries and travelling allowances of overseers, maistris, mukádams, &c., entertained by them for the execution of works, and Rs. 23,289-15-7 were paid by them to the Public Works Department on account of the works carried out by that Department.

(*h*) The new plant purchased for the use of the Local Board establishment and Government Public Works Establishment cost Rs. 1,668-10-3 and Rs. 1,581-2-11 respectively.

26. *Contributions.*—There is a decrease of Rs. 60,594-10-0 under this head, which is mainly attributable to the absence this year of any transactions under the sub-head "Contributions to other Boards."

Contributions "to Provincial," however, show an increase of Rs. 3,389-10-6. The details are given below :—

District.	Name of Board.	Contributions to Government Civil Hospitals and other Medical Institutions.	Contributions to the Dhárwár Training College.	Contributions to Provincial Public Works.	Contributions towards other objects.	Total.

27. *Debt and Interest on Debt.*—Of the amount entered under the head-Debt, Rs. 2,408-11-5 were paid by the District Local Board of Bijápur in liquidation of the loan granted by Government to the Board to carry out improvements to the Begum Tank at Bijápur and Rs. 3,429-0-6 were paid by the District Board of Ratnágiri in repayment of the loan made by Government in connection with the construction of the Amba Ghát.

The sums paid by these Boards on account of interest on the above loans were respectively Rs. 1,409-0-3 and Rs. 2,679-5-6.

28. *Balances.*—The balances to the credit of the several Boards at the commencement and close of the year under report amounted respectively to Rs. 7,89,606-0-4 and Rs. 8,37,234-1-4.

Statement IV.

The following table contrasts the amount expended on village sanitation during the year under review with that in the previous year. It will be seen that while the expenditure on the improvement of water-supply was less by Rs. 13,226-6-1, that on the improvement of village sites was greater by Rs. 1,010-3-1 than in the previous year :—

Year.	Improvement of water-supply.	Improvements of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total expenditure on sanitary objects.

32. From the above table, it will be observed—

(*a*) that the percentage of expenditure on "educational objects" is highest in the Ratnágiri District;

(*b*) that the percentage of expenditure on "medical objects" is highest in the Kánara District, which is a notoriously unhealthy tract of country; and

(*c*) that the ratio of expenditure on "Public Works" is highest in Dhárwár, which is the richest district in the division.

33. The administration of the Local Boards contrasts favourably with that of the Municipal Boards, chiefly because (1) the income of the former is, like any Government demand, collected with little difficulty, and (2) the funds are expended under the direction and advice of experienced district officers. "Education" and "Communications" have received full attention. The backward condition of the roads in the Bijápur District is the result of the comparative smallness of the aid given from Provincial Revenues to that district, as contrasted with the assistance furnished to other Collectorates. Sanitation is, as a rule, neglected, but adequate supply of water, which is the principal need of the above Ghát Districts, is being gradually provided with the aid of the liberal allotments made from Provincial Funds.

The administration of the Local Boards during the year was, on the whole, satisfactory.

I have the honour to be,

Sir,

Your most obedient Servant,

J. NUGENT,

Commissioner, S.D.

No. 5034 of 1891.

REVENUE DEPARTMENT.

FROM

H. E. M. JAMES, ESQ., C.S.,
Commissioner in Sind;

To

HIS EXCELLENCY THE RIGHT HONOURABLE
LORD HARRIS, G.C.I.E.,
Governor and President in Council,
Bombay.

Commissioner's Office,
Karáchi, 4th November 1891.

MY LORD,

I have the honour to submit the Administration Report on the working of the Local Boards in the Province of Sind for the year ending 31st March 1891, together with the Statistical Tables Nos. I to IV compiled in my office in the form prescribed by the Government of India.

I.—Constitution of the Boards.
II.—Receipts of the Boards.
III.—Expenditure of the Boards.
IV—Sanitary improvements.

2. The following table gives the dates of receipts of reports from Collectors and of their final replies to references made for further information or explanation:—

District.	Date of receipt of	
	Report.	Final reply.
Karáchi	5th August 1891 ...	Nil.
Hyderabad	6th do. ...	6th October 1891.
Shikárpur	10th September 1891 ...	28th September 1891.
Thar and Párkar	16th July 1891	Nil.
Upper Sind Frontier	7th do.	4th September 1891.

3. The reports were all sent in good time, but owing to discrepancies discovered in the Hyderabad, Shikárpur and Upper Sind Frontier reports this report could not have been sent much earlier.

I.—Constitution of Boards and meetings.

4. The constitution of the Boards remained unchanged during the year there being 5 District Boards and 43 Táluka Local Boards in the province. The elective system remained in force in the districts of Karáchi, Hyderabad and Shikárpur in its entirety, and the districts of Thar and Párkar and Upper Sind Frontier being wanting in social development are specially constituted, as explained last year. The area of the province as compared with that shown in the last year's report exhibits a decrease, which is due to the transfer from Kashmor Táluka of the Upper Sind Frontier District of a small strip of country to the Punjab. This change should, however, have been noted in the report for 1889-90, but it escaped the Deputy Commissioner's attention.

5. The provisions of the law regarding the holding of half-yearly meetings were complied with by all the District Boards. The average attendance was fairly good in almost all the Táluka Boards, save the following in the Karáchi, Hyderabad, Shikárpur and Thar and Párkar Districts, where it fell short of one-half of their total number:—

(1) Ghorábári... ... ... in the Karáchi District.
(2) Hyderabad, Guni, Tando Bágo, Dero Mohbat, Sháhdádpur, Hála and Kandiáro. } in the Hyderabad District.
(3) Kakar and Nasirabad... ... in the Shikárpur District.
(4) Umarkot and Nára ... ... in the Thár and Parkar District.

The omission is, however, mostly attributable to the long distances to be traversed by members attending the meetings, though in some cases, no doubt, it was also due to want of interest.

Statement II.—Income.

6. The year opened with a balance of Rs. 4,81,485-6-3, while the receipts during the year amounted to Rs. 7,51,968-9-0, making a total of Rs. 12,33,453-15-3. The largest share of the revenue was derived from local rate, which is composed of cess receipts levied under the Sind Local Funds Act, 1865. The subjoined table shows the receipts under the various heads:—

Heads.	Karáchi.	Hyderabad.	Shikárpur.	Thar and Párkar.	Upper Sind Frontier.	Total.

Land Revenue.

7. The total realizations under "Land Revenue," as would appear from the above table, amounted to Rs. 1,373-1-0 as against Rs. 1,655-8-4 last year. The figures represent the sale-proceeds of trees, grass, &c.—those of fruit trees having been shown under "Other items" subordinate to "25.—Miscellaneous" under Government Resolution No. 3847, dated 5th June 1891, which accounts for the decrease under this head.

Provincial Rates.

8. The figures under "VI.—Provincial Rates," compared with the past year, show a nominal decrease of Rs. 83,604-11-11 due to realizations under

(*a*) Sand and Quarry fees,
(*b*) Fishery fees and
(*c*) Fees on account of poisonous drugs

during the year under report having been transferred to, and included in, the columns headed "Contributions," in conformity with paragraph 5 of Government Resolution No. 3847 of 5th June 1891 reviewing reports on the administration of Local Boards for 1889-90. Leaving out of count the realizations under these three heads, the comparison is favourable, showing an increase in the Thar and Párkar, Hyderabad and Shikárpur Districts, as detailed in the margin, and a decrease of Rs. 9,976-15-0 in the Karáchi District ascribed to the táluka establishment being busy with census operations, and of Rs. 5,237-3-0 in the Upper Sind Frontier District due to the diminution in the cultivated area liable to assessment.

Hyderabad	... Rs.	3,728 1 1
Shikárpur...	... ,,	31,596 3 9
Thar and Parkar	.. ,,	12,706 1 0

XII.—Interest.

9. The figures under "XII.—Interest" belong to the Thar and Párkar District, and represent, as reported last year, interest on "Dispensary Securities.

XVII.—Police.

10. The total net receipts during 1890-91 under this heading amount to Rs. 18,999-10-3 as compared with Rs. 22,456-12-2 in 1889-90. Allowing for a slight increase of Rs. 305-6-1 in the Karáchi District, there is a decrease in other districts of Rs. 3,457-1-11 due to increased expenditure on the working of the pounds, to rain in the cold weather affording abundance of fodder, and in the Thar and Párkar Districts "to the stoppage of roads and cultivation by floods."

		Rs.	a.	p.
Hyderabad	... ...	1,295	10	2

Upper Sind Frontier	...	218	9	9
		3,762	8	0
		305	6	1
	Net ...	3,457	1	11

XIX.—Education.

11. The receipts under this head are composed of fees realized from the middle and primary schools *plus* miscellaneous receipts, and exhibit a decrease of Rs. 3,008-8-8 as compared with the figures of the past year. The decrease is mainly due to the exclusion from this heading of contributions, which have been included under the heading "Contributions" during the year under report.

XX.—Medical.

12. The receipts during the year under report amounted to Rs. 5-6-6 against Rs. 13-12-7 last year, and are made up of the sale-proceeds of unserviceable articles belonging to Local Fund vaccinators, &c.

XXI.—Scientific and other Minor Departments.

13. The total realizations during the year under review amount to Rs. 10,905-0 11 and are made up of—

	Rs.	a.	p.
Karáchi	86	1	2
Hyderabad	7,485	3	7
Shikárpur	2,377	15	4
Thar and Párkar	915	12	10
Upper Sind Frontier	40	0	0

This sum compared with the figures for the past year shows a net decrease of Rs. 359-6-7. The decrease in the Karáchi District is due to less recoveries on account of "stall fees" levied at annual gatherings, and in Thar and Párkar "to a partial failure in the fruit crop." The slight increase in the realizations under Hyderabad and Shikárpur call for no comment. The figures in the two districts are composed of—

	Hyderabad. Rs.	a.	p.	Shikárpur. Rs.	a.	p.
Garden receipts	4,085	7	3	2,355	7	4
Experimental Farm	2,296	10	7	.....		
Public Fairs	1,010	13	3	.....		
Miscellaneous	92	4	6	22	8	0
	7,485	3	7	2,377	15	4

The sum of Rs. 40 shown under "Veterinary receipts" in the Upper Sind Frontier District represents the share received on account of the hire of the Government stallions working at the municipal well.

XXV.—Miscellaneous.

14. The receipts under this head as compared with the receipts for the past year show a net increase of Rs. 783-4-10, which is arrived at as follows:—

	Increase. Rs.	a.	p.	Decrease. Rs.	a.	p.
Karáchi	266	0	6	...		
Hyderabad	...			325	14	8
Shikárpur	818	11	6	...		
Thar and Párkar	108	3	8	...		
Upper Sind Frontier ...	...			83	12	2
	1,192	15	8	409	10	10

The increase is ascribed to the sale-proceeds of fruit-trees having been for the first time included in "Other items" subordinate to this heading.

XXXII—Civil Works.

15. The total realizations under this head amount to Rs. 49,647-7-9, as per details subjoined:—

	1890-91. Rs.	a.	p.	1889-90. Rs.	a.	p.
Tolls on ferries	48,451	11	1	54,451	10	9
Rent of buildings and lands ...	540	7	4	588	8	8
Sale of buildings and other property	255	5	4	333	5	4
Miscellaneous	.....			400	0	0
Contributions	400	0	0	300	0	0
	49,647	7	9	56,073	8	9
Net Decrease ...	6,426	1	0	.....		

The decrease is chiefly due to less recoveries from "Tolls on Ferries" in the Karáchi and Hyderabad Districts from the Kotri-Gidu Ferry and in the Shikárpur District from the Sukkur Ferry, caused by the opening of the "Lansdowne Bridge."

Contributions.

16. Under this head, the receipts amounted in all to Rs. 2,10,834-0-5. These exceed the figures for the past year by Rs. 1,38,762-4-9. The "Fishery fees," "Sand and Quarry fees" and "Fees for the sale of poisonous drugs" were last year shown under special columns provided for the purpose under "VI.—Provincial Rates." These have now been included under a separate head, in accordance with paragraph 5 of Government Resolution No. 3847 of 5th June 1891, and amount for the Province of Sind, excluding Shikárpur, for which separate figures have not been given in the Collector's report, to Rs. 72,810-4-6, as per details subjoined:—

Districts.	Fishery fees.	Sand and Quarry fees.	Fees for the sale of poisonous drugs.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Karáchi	*36,544 6 0	1,039 0 6	.....	37,583 6 6

Total ...	61,041 12 0	11,708 8 6	60 0 0	72,810 4 6

* *Note.*—From this sum Rs. 20,000 were given as contribution for the Madrassa and College buildings.

17. The following items make up the amount under the heading "Contributions from Provincial to Local" and also under "Contributions from other Boards" separately for each district, except the Shikárpur District, the detailed figures for which are not forthcoming in the Collector's report:—

18. The total receipts from the major head "Contributions," according to the details given in the 3 foregoing tables, were thus for the district of

	Rs.	a.	p.
Karáchi	(1) 80,384	11	10
Hyderabad	66,019	7	9
Thar and Párkar	4,126	7	0

(1) From this, however, should be deducted Rs. 20,000, which were transferred to District Board (Educational) on account of grants towards the college and the Madrassa buildings having already been included among Rs. 36,544-6-0 realized on account of "Fishery fees" in the Karáchi District.

19. The following table shows the incidence of taxation, as also the incidence of income, per head of population for each district separately and for the whole province:—

	Incidence of Taxation. Rs.	a.	p.	Incidence of Income. Rs.	a.	p.
Karáchi	... 0	2	5	0	5	10
Hyderabad	... 0	2	10	0	5	0

These figures, when compared with those for the past year, show slight differences, which do not call for any particular notice.

20. Taking each Táluka Board separately, the incidence of taxation and that also of income per head of population was the highest in the following Boards:—

	Incidence of Taxation. Rs.	a.	p.	Incidence of Income. Rs.	a.	p.

Statement III.—Expenditure.

21. The expenditure of the several Local Boards amounted to Rs. 7,33,971-13-11 during the year. The following table gives its details:—

18. Administration.

22. The expenditure under the head "18.—Administration" amounts to Rs. 22,463-9-0, or Rs. 55-14-2 less than that incurred in the previous year. It is made up, as reported last year, of charges incurred on account of establishments maintained by Local Boards and Local Fund Establishment employed in Government offices, &c.

22. Education.

23. The total increase in expenditure under this head amounts to Rs. 33,318-5-11, the figures being for this year Rs. 2,22,855-14-11 and for last year Rs. 1,89,537-9-0. This increase is divided according to districts as follows:—

	Rs.	a.	p.
Karáchi District	... 21,639	14	0
Hyderabad District	... 5,391	14	9
Shikárpur District	... 1,189	2	3
Thar and Párkar District ...	... 2,219	1	11
Upper Sind Frontier District ...	... 2,878	5	0
Total	... 33,318	5	11

The increase in the Karáchi District is chiefly explained by Rs. 20,000 having been contributed towards the College and Madrassa buildings and Rs. 590-0-7 having been spent in the purchase of tools, plant and other materials for the workshop at the Technical School at Talti, in the Sehwan Division. In the Hyderabad and Thar and Párkar Districts, it is due to the opening of new schools and the construction of new school buildings, while in the Shikárpur District it is ascribed to the fact that additional teachers were entertained during the year. The increase in the Upper Sind Frontier District has not been explained, but is apparently due to larger expenditure under the minor heads "Primary Schools" and "Grants-in-Aid."

24. Medical.

24. The expenditure under this head consists of the following items:—

Items.	Karáchi.	Hyderabad.	Shikárpur.	Thar and Párkar.	Upper Sind Frontier.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Taken as a whole, the figures show a net increase of Rs. 17,872-6-2, which is distributed in the several districts as follows:—

	Increase. Rs. a. p.	Decrease. Rs. a. p.
Karáchi	553 2 7	.....
Hyderabad	17,131 2 0	.....
Shikárpur	.....	42 13 4

Upper Sind Frontier	.....	352 9 7
	18,267 13 1	395 6 11
Net Increase ...		17,872 6 2

due, as shown above, chiefly to an increase in the Hyderabad District ascribed by the Collector to "grants having been made to the Civil Hospital and Medical School and Badin Dispensary buildings."

26.—Scientific and other Minor Departments.

25. The expenditure under this head during the year under review, compared with that of the past year, shows a net excess of Rs. 3,645-1-2 after allowing for a slight decrease of Rs. 322-7-11 in the Karáchi District, and a slight increase of Rs. 66-14-2 in the Thar and Párkar District and is made up of an increase of—

Rs.	a.	p.	
3,148	13	3	in the Hyderabad District and of
5,507	13	8	in the Upper Sind Frontier District,
8,656	10	11	and a decrease of Rs. 4,756 in the Shikárpur District.

The expenses incurred in connection with the Sind Horse Show, which during the year was held at Jacobabad, account for the increase in the Upper Sind Frontier District, while the absence of such expenditure in the Shikárpur District accounts for the decrease in that district. The Collector of Hyderabad has again omitted to explain the increase, and his attention will be invited to this fact. The items which form the expenditure under this head have been detailed in the last year's report, and need not be recapitulated here.

30.—Stationery and Printing.

26. Rs. 2,096-15-9 were spent in the Province of Sind during the year under report, thus showing an excess of Rs. 294-9-2 over the figures of the past year. The increase, amounting in all to Rs. 435-6-5, occurs in the Karáchi District, where election forms for 1890-91 were printed and paid for. The increases and decreases in the other districts are too insignificant to require any notice.

32.—Miscellaneous.

27. The amount spent in maintaining establishment for travellers' bungalows, &c., during the year under report as compared with the past year for each district separately is given in the table subjoined :—

Other Petty Establishment.

28. The expenditure under "Other Petty Establishment," was Rs. 46,924-15-8 against Rs. 45,403-15-1 last year : *vide* details given below :—

Net Increase ...	.....	.....	1,521 0 7	.....

29. The increase in the table in paragraph 27 is chiefly due to the purchases of new furniture for the Karáchi travellers' bungalow and some dharmsháláš in the Karáchi District, and in the table in paragraph 28 to additional hands having been entertained owing to the extension of tree-planting in the Shikárpur District. Besides the above detailed expenditure, a sum of Rs. 8-8-0 was also spent in the Thar and Párkar District in "Miscellaneous Refunds" subordinate to "32. Miscellaneous."

45.—Civil Works.

30. The total expenditure under this head amounts to Rs. 3,43,777-8-9 this year as against Rs. 3,45,488-9-5, showing a decrease of Rs. 1,711-0-8. The details of these figures are given in the table subjoined :—

31. The following are the works executed under the above three heads :—

Karáchi District.

(1) Travellers' bungalow, Karáchi (all the rooms in it were paved with chisel-dressed stone).

(2) 2 new dharmsháláš.

(3) 1 new school-house.

(4) Additions to 8 school-houses.

(5) 42 miles of new roads.

(6) 51 new bridges.

(7) 3 culverts on road from Tatta to Jungshahi.

(8) Bridges over Sadabahar, Hajra Canal, Sattah and Hasanáliwah.

(9) Road from Karáchi to Magar Pir *viâ* Aurangi Pass (commenced during the year).

(10) Repairs to 10 staging bungalows, 90 dharmsháláš, 25 school-houses, 1,612 miles of road, 462 bridges.

(11) 6 new wells were sunk and repairs executed to 6 tanks, 35 wells and 4 bathing ghâts.

The Collector of *Hyderabad* states the amount shown in the above table was spent in—

(1) Construction of school-houses.

(2) Re-roofing of travellers' bungalows at Hyderabad and Matári and a lándi at Pir Morio.

(3) Construction of dharmsháláš at Jhol and Lalodero.

(4) Construction of bridges.

(5) Sinking wells and improving tanks.

(6) Repairing dharmsháláš, bungalows, roads, wells and bridges.

The Collector of *Shikárpur* has omitted to give details of works executed by civil officers, but has in a general way explained that "the works and repairs in charge of civil officers are all ordinary, and are not such as to require professional skill. The roads in this district are annually repaired and are in good order" (a statement that the Commissioner would accept with qualification). "The staging bungalows and serai, which have been included under civil buildings, have been provided for by the different Boards, wherever they were required, and are a great boon to the public travelling in hot as well as in cold weather."

The following works were executed through Public Works agency:—

(*a*) 2 bridges over Western Nára,
1 over Arthur Wah,
1 over Mondar Wah,
1 over Chitti Wah,
1 over Maharo Wah,
1 over Masu Wah,
1 over Kurdato and
1 over Kada Wah.

(*b*) Improving the raised portion of the road from Rohri to Mirpur.

(*c*) Staging bungalow at Karáchi and

(*d*) Stabling at Mehar.

The Deputy Commissioner, Thar and Párkar, states—

"The sum of Rs. 16,325-4-2 has been spent under this head, (*i. e.*, civil works in charge of civil officers). The original expenditure is chiefly on constructing new schools, bridges, improving tanks and constructing wells. The sum of Rs. 825-13-10 spent by Public Works Agency is on account of raising the Thar Wah and Mitrao roads and for repairs to the musafirkhána at Giror. There is a decrease of expenditure of Rs. 7,478-15 9. This was due chiefly to its being found advisable to abandon certain projected works and substitute others in their stead for which plans and estimates had to be prepared, *e. g.*, a new road from Umarkot to the Thar Wah head costing Rs. 2,644 was abandoned, and a far better arrangement made with the consent of the Executive Engineer for utilizing the canal bank as a road. A well in the Jhuda garden costing Rs. 900 was also abandoned, as it was decided to sell the garden, and the well is now being built in a place where the public will benefit by it. Money also provided for relief works in the desert was not spent after the rains fell."

The Deputy Commissioner, Upper Sind Frontier, details the following as the works executed by Civil and Public Works Officers :—

By Civil Agency.

(1) Construction of 3 bridges in the Jacobabad Táluka, 2 musafirkhánás (1 at Garhi Hasan and 1 at Jangwani), 1 stabling for stallions at Kashmor, new roofing of musafir landi at Thull, 1 * musafirkhána at Mirpur, 4 school-houses, additions and alterations to 2 school-houses, and completion of a school building at Ghauspur.

(2) Sinking of new wells and improvement of existing wells.

By Public Works Agency.

(1) Construction of bridges which required professional engineering skill.

Constributions to Provincial.

32. Rs. 415 have been shown under this head, and represent, as stated in the last year's report, the amount paid by the Karáchi District Board to Provincial Funds for repairs to the Bágo Toro road under the Laki Pass.

Contributions to other Boards.

33. The total amount for the whole province is Rs. 2,388-14-4, of which

Rs.	a.	p.		
624	1	4	belong to the	Karáchi District.
1,201	5	0	do.	Hyderabad do.
545	13	0	do.	Shikárpur do.
17	11	0	do.	Upper Sind Frontier District.

Total Rs. 2,388-14-4, or a decrease, as compared with the figures for the past year, of Rs. 1,746-0-4, which is made up of—

	Rs.	a.	p.
Karáchi	184	8	4
Shikárpur	479	3	0
Thar and Párkar ...	100	0	0
and Upper Sind Frontier ...	982	5	0
Total ...	1,746	0	4

* This was commenced last year and completed this year.

The decrease in Upper Sind Frontier District has not been explained, but is apparently due to no grant having been made towards the Museum, as last year.

Balances.

34. The following table shows the opening balance at the beginning of the year under report, together with receipts and expenditure incurred during the year under report, as also the closing balance of this year separately for each district and for the whole province:—

District.	Opening balance.	Receipts.	Expenditure.	Closing balance.	Remarks.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	4,81,485 6 3	7,51,968 9 0	7,33,971 13 11	4,99,482 1 4	

35. The opening balance, as now shown against Karáchi and Upper Sind Frontier Districts, shows a net increase of Rs. 5-1-11 as compared wtih the figures shown in the previous year's report, which is due to adjustments made after the reports for last year were submitted. The decrease of one anna in the Karáchi District is explained by the Collector as being due to "the amount having been adjusted by the Accountant General in communication with the Examiner, Public Works Accounts, subsequent to the submission of the report for the previous year," while the increase of Rs. 5-2-11 in the Upper Sind Frontier District is ascribed to "an adjustment of Rs. 5-3-2 charged in excess by the Executive Engineer, Ghár Division, on account of works carried out by him in the Sháhdádpur Táluka and to the payment of pies 3 short charged by the Executive Engineer, Begári Division, on account of Public Works Establishment charges."

36. The table given above shows that Karáchi and Upper Sind Frontier Districts have reduced their balances. The large balance in Hyderabad is due to their having promised Rs. 1,50,000 towards the construction of the Hyderabad-Umarkot Railway, a greater portion or perhaps the whole of which will be paid during the current year. The increase in the Thar and Párkar balance is due to some of the projected works having been abandoned for reasons explained under the heading "Civil Works," while the increase in Shikárpur has not been explained.

Statement IV.

37. This statement shows details of the works undertaken for the improvement of sanitation. The subjoined table shows the total expenditure incurred under the different heads in each district of the province:—

District.	Improvement of water-supply.	Conservancy of towns and villages.	Sanitary arrangements at fairs and festivals.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Karáchi	3,987 8 2	.....	.....	3,987 8 2
Hyderabad	2,357 3 11	.....	480 13 2	2,838 1 1
Shikárpur	10,164 1 9	321 13 8	.....	10,485 15 5
Thar and Párkar ...	5,536 13 1	.....	.....	5,536 13 1
Upper Sind Frontier ...	2,477 10 1	.....	.....	2,477 10 1
Total for the province ...	24,523 5 0	321 13 8	480 13 2	25,325 15 10

The largest expenditure on the improvements of water-supply was incurred in the Shikárpur District. The amount is small, but considering that if left to themselves the Boards would not spend a farthing on sanitation, the value of which they entirely fail to appreciate, it is relatively large.

The reason why, as a fact, drainage, water works and other sanitary improvements are less needed in Sind than elsewhere in the Presidency proper have been fully described in the Honourable Sir Charles Pritchard's letter to Government written while he was Commissioner in Sind, No. 1133 of 14th September 1888 (G. D). He wrote:—

"As regards water-supply most Municipalities in Sind are well supplied. In Karáchi and Hyderabad expensive water works have been carried out. In Sukkur a joint system of water-supply for drinking purposes and for flushing the drainage works of the town is being carried out, and elsewhere, almost without exception, there is a good and sufficient supply. * * * The sanitary authorities consider the supply of water in the Municipalities generally satisfactory. * * * Most Municipalities in Sind are very favourably situated as regards drinking water owing to the Indus supply.

"As regards sanitary arrangements there is little to be said as to the larger Municipalities. The work of surface drainage is being carried to completion in the principal towns of the province, and the Municipality of Karáchi has in contemplation a system of sewage. As regards the smaller Municipalities, the local sanitary authorities do not look on the matter as urgent, and the Commissioner considers that any drainage schemes that could be carried out within their means are likely to prove less satisfactory than the present system of hand removal. Nearly the whole of Sind lies on a dead-level with no sufficient fall for drainage obtainable. The climate is dry and the sun powerful, and the present system of removal of refuse and sullage by hand is more effectual than any system of drainage is likely to prove, even assuming that funds were available to carry out and maintain drainage schemes. The conservancy establishment is strong in all towns, and all that is necessary is strict supervision to see that the work is done. * * * * *"

38. As reported last year, there are no Local Fund roads in charge of Executive Engineers in this province. A copy of the Superintending Engineer's reply No. 3769, of 10th October 1891, to the reference made to him on the subject from this office is attached.

39. The reports from the several Collectors and Presidents of District Local Boards in the Province of Sind are also appended.

I have the honour to be,
My Lord,
Your Lordship's most obedient Servant,
H. E. M. JAMES,
Acting Commissioner in Sind.

PUBLIC WORKS DEPARTMENT.
Karáchi, 10th October 1891.

SIR,

Referring to your memorandum No. 3522, dated 3rd instant, I have the honour to inform you that there are no Local Fund roads in charge of this department, as reported in this office No. 2845, dated 18th August 1890. But the statements showing the required information for 1890-91 obtained by Executive Engineers from several of the Presidents of District Local Boards were submitted to Government under this office No. 2660, dated 21st July last.

2. A proof of the statement of Local Fund and Municipal roads for the year 1888-89 was received from Government on the 3rd August last, and has been circulated to all Executive Engineers for completion. I shall return it to Government through you when received.

I have the honour to be,
Sir,
Your most obedient Servant,

H. M. THOMPSON, M. Inst. C.E.,
Superintending Engineer in Sind.

LOCAL FUND DEPARTMENT.

FROM

COLONEL R. I. CRAWFORD,
Collector and President, District Board, Karáchi;

To

H. E. M. JAMES, ESQ., C. S.,
Commissioner in Sind.

President's Office,
Karáchi, 1st/4th August 1891.

SIR,

I have the honour to submit my report on the administration of Local Boards in this district for the year 1890-91 together with the Statements Nos. I to IV, and to offer the following remarks on the same.

2. As directed in paragraph 3 of your endorsement memorandum No. 3681, dated 24th October 1890, conveying remarks on the previous year's report, the figures for 1889-90 have been taken from the tables given in the printed report referred to in your memorandum No. 2465, dated 17th ultimo, for comparison with those of 1890-91.

STATEMENT No. I.

3. The total area within the limits of the District Board is 1,422·61 square miles, being the same as last year; while the total population is 427,765 according to the census of 1891, as given by the Deputy Superintendent, Census Operations, Hyderabad. This shows an increase in population of 55,646 persons as compared with the population shown in the census returns of 1881 and embodied in Statement No. I of the previous year.

4. The number of members of the several Boards has been the same as last year, *viz.*, 109, and the number of meetings held in the year is also 35, as in the previous year. Taking each Board individually the Taluka Boards of Ghorábári, Sujáwal-Mirpur and Kotri-Manjhand had each one meeting more, and the Táluka Boards of Sehwan and Dádu-Johi had 2 and 1 meetings less, respectively, than in the last year. The average attendance of members at the District Board meetings has been less by 2, at the Tatta Táluka Board by 4, and at the Sujáwal-Mirpur Táluka Board by 2. The increase in the attendance is 1 at Ghorábari, 1 at Sehwan, and 5 at Shábbander-Jati.

5. The decrease of 2 in the attendance of members at the District Board meetings is partly due to the death of a member namely Syed Hoosain Alli Sháh, who used to attend almost all the meetings, and partly owing to the temporary absence of some members in consequence of sickness or other unavoidable

causes. The decrease in the attendance of members at Tatta, in the Jerruck Division, has been explained by the Head Assistant Collector and President Táluka Boards, Jerruck Division, as follows :—

"This does not actually show that the Taluka Local Board members do not take any interest in Local Fund matters, but it is because many of them do not reside at the head-quarter stations of the Board, and because for several months in the year travelling is almost impossible owing to floods. In order to remove this difficulty as much as possible, preference has been given to the educated class of people for nomination and to those who live nearer to head-quarter stations in the recent election held in last February."

The Assistant Collector and President, Taluka Boards, Sháhbandar Division, makes the following remarks with respect to the Boards in his division :—

"The average attendance of members shows a great improvement as compared with last year. The reason for improvement in the Sháhbandar-Jati Board is doubtless due to the meetings being fixed for Ladyun, and not for distant Sháhbandar as previously. The attendance at the Sujáwal-Mirpur Batoro Board is not so good, but there is no doubt that the new Board will remedy this for the current year."

The Head Assistant Collector and President, Táluka Boards, Sehwan Division, has not explained the decrease in the number of meetings held by the Táluka Boards of Sehwan and Dadu-Johi, but his attention has been drawn to the omission, and he has been requested to explain any increase or decrease in future.

STATEMENT II.

6. *VI.—Provincial Rates—Local Rate.*—The total realization under this head amounts to Rs. 55,848-3-0, which consists of one-anna cess Rs. 54,112-8-0 and jághír cess Rs. 1,735. The whole of the one-anna cess levied within the municipal limits is assigned to the Municipality concerned, under Section 47 of the Local Boards Act, excepting the Karáchi Municipalty, which gets only two-thirds of the cess. The amount so assigned to Municipalities during the year is Rs. 612-15-4. One-third of the one-anna cess levied out of municipal limits and two-fifths of jághír cess, *viz.* Rs. 17,751-9-0 and Rs.694-4-5, respectively, were assigned to educational purposes under Section 48 of the Act, leaving Rs. 36,789-6-3 at the disposal of the Táluka Boards. Out of the latter sum, the Táluka Boards contributed Rs. 6,450 towards the educational institutions noted in the margin, and the amount was transferred to the credit of the District Board (Educational) for payment. Thus the net amount at the credit of the Táluka Boards was Rs. 30,339-6-3. The decrease in the total realization of cess receipts, as compared with the past year, is Rs. 9,976-15-0 which is chiefly owing to the táluka establishments having been engaged in the census work, and were consequently unable to give their usual time to collecting work.

		Rs.
1.	Sind Arts College	2,000
2.	Mahomedan Madrassa ...	2,000
3.	Medical School Hyderabad .	1,500
4.	Karáchi Library and Museum	600
5.	Scholarship to students in Veterinary College, Bombay...	350
	Total ...	6,450

7. *XVII.—Police. Receipts under Cattle Trespass Act.*—Receipts under this head amounted to Rs. 1,272-7-3. In some tálukas the expenditure has been more than the actual receipts. In such cases the excesses have been adjusted by means of *minus* entries in red ink against other receipts of the Boards, in the same manner as explained last year. The increase under this head, *viz.*, Rs. 305-6-1, is insignificant, and needs no explanation.

8. *XIX.—Education.*—Rs. 935-10-4 consist of school fees in primary schools Rs. 596-11-0, and miscellaneous receipts, such as refunds of salaries overdrawn, sales of old articles and of those made at the technical schools, &c., Rs. 338-15-4.

9. *XX.—Medical.*—The receipts under this head consist of sale of unserviceable articles of Local Fund vaccinators only.

10. *XXI.—Scientific and other Minor Departments*—Rs. 86-1-2. These consist of stall fees collected at the annual fairs held at Ghorábári, Shahbandar and Jati tálukas.

11. *XXV.—Miscellaneous.*—Rs. 1,805-12-10 consist of Rs. 1,015 rent of staging bungalows (the rent of the Karáchi travellers' bungalow alone having amounted to Rs. 840) and of Rs. 790-12-10, being refunds and other sundry receipts, including Rs. 359-12-6 on account of the sale-proceeds of fruit trees, &c., which have been shown this year under this head, as directed in Government Resolution, Revenue Department, No. 3847, dated 5th June 1891, and the item forms the chief cause of increase under the head "Miscellaneous."

12. *XXXII.—Civil Works in charge of Civil Officers—Tolls on Ferries*, Rs. 16,132-15-5. The amount consists of Kotri-Gidu Ferry receipts Rs. 8,225-10-7 and other ferries in the district Rs. 7,907-4-10. The decrease Rs. 1,314-1-3 as compared with the last year is chiefly due to smaller receipts of Kotri-Gidu Ferry than in the previous year. Rs. 100 under "Contribution" represent the private contribution made by the Mahájan of Mirpur Sakro towards the construction of a well at Sakro.

13. *Contributions from Provincial to Local.*—Rs. 40,384-11-10 consist of the following items: –

District Board (General).

		Rs.	a.	p.
(1)	Fishery receipts Rs. 36,544-6-0—Rs. 20,000 = ...	16,544	6	0
(2)	Grant in lieu of one-anna cess on excise revenue ...	6,876	10	8
		23,421	0	8

District Board (Educational).

(3)	Grant in lieu of one-anna cess on excise revenue ...	3,438	5	4
(4)	Grants to schools	10,461	5	4
(5)	Do. to buildings	2,025	0	0
		15,924	10	8

Táluka Boards.

(6).	Sand and quarry fees	1,039	0	6

As there is no special head provided for the above items in Statement No. II they have been shown under this head, as directed by Government in their Resolution No. 3847, dated 5th June last. I would here beg to explain, with regard to the *minus* entry of Rs. 20,000 against the fishery receipts shown above, that the actual receipts from fisheries amounted to Rs. 36,544-6-0, but Rs. 20,000 have been deducted from it for transfer to District Board (Educational) on account of grants towards the Sind Arts College and Madrassa buildings. The amount is shown under "Contribution from other Boards" against District Board (Educational). Comparing the receipts under this head with those of the last year, there is a decrease of Rs. 6,532-6-2, which is chiefly due to unfavourable sales of farms. The increase of Rs. 4,700 in "Grants to Schools" is owing to extra grants having been sanctioned by Government in their Resolution, Educational Department, No. 179, dated 20th January 1890, and Accountant General's No. $\frac{L.F.}{21726}$, dated 14th October 1890. The grant to school buildings, *viz.* Rs. 2,025, is a new one made by Government from Provincial Funds.

14. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is 2 annas and 1 pie per head, and the incidence on income (excluding opening balance) is 5 annas and 1 pie per head. This shows a decrease of 9 pies in the former and 1 anna and 3 pies in the latter as compared with the previous year. The decrease is due to the increase in population as compared with that year.

STATEMENT III.

15. *18. Administration—Office Establishment.*—The increase under this head is Rs. 20-9-4, which is due to the entertainment of a peon at the end of the year.

Office Contingencies.—There is a decrease of Rs. 491-2-5 under this head, which is owing to no medicines having been purchased this year. In the previous year a large quantity of cholera medicines was purchased owing to the prevalence of cholera in almost all the tálukas in the district.

Payment of Establishments for Office of Accounts, Control and Audit—Rs. 946-10-1. The increase of Rs. 48-9-2 is owing to small increases of Rs. 6-3-8, Rs. 6-0-0 and Rs. 36-5-6 in the office establishment, &c., of the Commissioner in Sind, Accountant General, and the Educational Inspector in Sind respectively.

16. *22. Education—Maintenance and Management—Training and Special Schools.*—The expenditure on the technical schools at Dádu and Talti is shown under this head, and amounts to Rs. 1,411-5-5, or Rs. 590-0-7 more than the last year. The increase is owing to the purchase of tools, plant and other materials for the workshop at Talti.

Primary Schools.—Rs. 19,029-15-3 consist of the following items :—

	Rs.	a.	p.
Salaries of teachers, including their pension contributions	18,349	10	6
Servants	584	4	3
Travelling allowance	96	0	6
	19,029	15	3

Grants-in-aid.—Rs. 31,543-8-7. The following are the grants made out of this sum :—

		Rs.	a.	p.
(1)	Grant towards Sind Arts College Building ...	10,000	0	0
(2)	Do. Mahomedan Madrassa ...	10,000	0	0
(3)	Do. for maintenance to Sind Arts College ...	2,000	0	0
(4)	Do. do. Madrassa	2,000	0	0
(5)	Do. to Medical School, Hyderabad	1,500	0	0
(6)	Do. Karáchi Library and Museum ...	600	0	0
(7)	Do. indigenous schools	3,999	6	5
(8)	Do. Agricultural Class, Hyderabad ...	129	2	2
(9)	Do. Karáchi Municipal Schools	365	0	0
(10)	Do. Tatta do.	300	0	0
(11)	Do. Bubak do.	300	0	0
(12)	Do. Sehwan do.	180	0	0
(13)	Do. Mirpur Batoro do.	90	0	0
(14)	Do. Mánjhand do.	80	0	0
	Total	31,543	8	7

The first two items were transferred from District Board (General) to District Board (Educational) for payment. Similarly, items Nos. 3, 4, 5 and 6 were transferred from Táluka Boards to District Board (Educational). The increase of Rs. 20,462-3-11 as compared with the previous year is chiefly due to the grants of Rs. 20,000 for the College and Madrassa Buildings.

Scholarships—Rs. 1,293-1-5. The decrease of Rs. 484-6-7 is due to the grants to the Hyderabad Training College and the agricultural class of Hyderabad having been reduced by Rs. 397-5-7 and Rs. 174-1-0 respectively, and an increased grant of Rs. 159 having been made to the middle and special schools instead of Rs. 72 in the previous year.

Miscellaneous Contingencies—Rs. 4,405-6-4. There is an increase of Rs. 739-4-2 in the item of prizes, but taking all the items under the head there is a net decrease of Rs. 554-4-0, which is chiefly in the cost of class books, furniture, and contingencies.

17. *24. Medical Hospitals and Dispensaries—Rs. 3,350.*—The increase of Rs. 250 over the last year is owing to the full grant of Rs. 500 having been made for 1890-91 towards the dispensary at Tháno Bula Khán, whereas Rs. 250 only were paid in 1889-90 for the half year.

Vaccination Establishment and Charges—Rs. 4,004-12-6.—There is an increase of Rs. 392-2-7 under this head, which is owing to the entertainment of an additional vaccinator and a peón.

18. *26. Scientific and other Minor Departments, Botanical and other Public Gardens—Rs. 1,800.*—There is a decrease of Rs. 500 under this head, which is owing to the contribution of Rs. 500 towards the Economic Garden at Hyderabad having been discontinued.

19. *30. Stationery and Printing.*—There is an increase of Rs. 426-1-6 under printing, which is owing to the forms for the election in 1890-91 having been printed and paid for.

20. *Miscellaneous—Staging Bungalow and Serai Establishment and Charges —Rs. 1,796-6-9.*—There is an increase of Rs. 947-15-11 under this head as compared with the last year, which is chiefly due to the purchase of new furniture for the Karáchi travellers' bungalow and some dharmsháls.

21. *45. Civil Works—In charge of Civil Officers :*

(2) Dharmsháls	90 do.
(3) School-houses	25 do.

Communications.

(1) Roads	1,612 miles.
(2) Bridges	462 in number.

Rs. 16-6-5 shown under "Establishment and Contingencies appertaining to Public Works" was the amount paid to the Executive Engineer, Western Nára, for preparing plans and estimates for the technical schools at Talti.

Water-supply and Water-works.

	Rs.	a.	p.
Original works	2,440	13	11
Repairs	1,546	10	3
Total ...	3,987	8	2

The following is the number of wells newly constructed and repaired:—

Original Works.

	Rs.	a.	p.
Communications	3,564	9	2
Establishment and contingencies appertaining to public works	427	12	0
Total ...	3,992	5	2

The following are the works executed by Public Works agency :—

	Rs.	a.	p.
3 culverts on road from Tatta to Jungshai ...	1,020	14	3
1 bridge over Sadabahar	481	9	2
1 do. over Hajia Canal	634	14	3
1 do. over Sattah	1,224	3	3
1 do. over Hassanvalliwah	622	5	10
1 road from Karáchi to Magar Pir *viâ* Averangi Pass (commenced in the year) ...	8	6	5
Total ...	3,992	5	2

The aggregate expenditure, both by Civil and Public Works officers, amounts to Rs. 54,139-10-7. The decrease of Rs. 4,837-2-9 as compared with the last year is owing to provision being made by the Táluka Boards according to the condition of their funds at the time of preparing budgets.

22. *Contribution to Provincial—Rs. 415.*—This is the usual grant for repairs to the Bago Toro road.

Contribution to other Boards—Rs. 624-1-4.—This is the amount paid to municipalities under Section 47 of the Act.

23. The opening balance of the District and Táluka Boards on 1st April 1890 amounted to Rs. 1,06,409-5-1 and the income during the year under report amounted to Rs. 1,36,613-11-4, making a total of Rs. 2,43,023-0-5. The expenditure of the year amounted to Rs. 1,38,017-10-11, leaving a closing balance of Rs. 1,05,005-5-6 against Rs. 1,06,409-5-1 in the previous year. The difference of one anna in the opening balance as compared with the last year is owing to that amount having been adjusted by the Accountant General in communication with the Examiner, Public Works Accounts, subsequent to the submission of the report for the previous year.

Hyderabad;

To

THE COMMISSIONER IN SIND.

Collector's Office,
Hyderabad, 30th July 1891.
(Despatched on 3rd August 1891.)

SIR,

I have the honour to submit the accompanying Statements Nos. 1 to 4 embodying statistical information, and to report on the administration of the Hyderabad District and Táluka Local Boards for the year 1890-91.

2. The District Local Board held two meetings during the year and the Executive Committee of that Board held 10. The Táluka Local Board Meetings as well as the average attendance at each are shown in the statement.

Statement II.

3. The year opened with a credit balance of Rs. 1,83,943-14-10 for all Boards.

The total income of the year aggregated Rs. 2,12,610-0-5, as per following details :—

	Rs.	a.	p.
District Board, General	98,338	5	10
„ Educational	64,713	3	2
Táluka Local Boards	49,558	7	5
Rs. ...	2,12,610	0	5

As compared with the past year 1889-90 there is an increase of Rs. 3,292-7-11 due chiefly to increased receipts from one-anna cess and fees from quarries.

The statement gives full particulars as regards all the sources of revenue from which the income was derived, and the principal of these sources are given below :—

VI.—Provincial Rates.

The tank and bund at Kandiaro were improved at a cost of Rs. 100; 2 wells costing over Rs. 200 were sunk by the Táluka Boards of Hála and Moro; 37 wells were repaired at a cost of Rs. 957-3-11.

Statement IV.

A sum of Rs. 480-13-2 was spent on sanitary arrangements at fairs.

A summary of revenue and expenditure is attached.

LOCAL FUND DEPARTMENT.

From

H. C. MULES, Esq.,
Collector of Shikárpur;

To

H. E. M. JAMES, Esq., C. S.,
Commissioner in Sind.

Collector's Office,
Sukkur, 31st August 1891.

(Despatched, 9th September 1891.)

SIR,

I have the honour to submit my Administration Report on the working of Bombay Local Boards Act I of 1884 for the past year, and to explain briefly the different major heads of the 4 statements in elucidation of the main features of the work of the different Local Boards, which are 1 District Board and 14 Táluka Local Boards.

2. The business of these Boards is conducted in accordance with regulations framed under Clause A of Section 32 of the Act.

STATEMENT No. I.

There were 228 members serving on the various Boards, of whom 36 were officials and 192 non-officials. Of these, there were 111 nominated and 117 elected members. Each Board is presided over by an official president on the District Board, the Collector is the president, and a non-official vice-president. There were 2 general meetings of the District Board, and 7 of the Managing Committee. Each Táluka Board had its meeting once a month, except Shikárpur, Sukkur, Naushahro, Mirpur and Ubauro, where this was not regularly attended to; and, as regards supervision over the different local works and repairs scattered in each táluka, there is a Works Committee whose sole duty is to look after the business of the Board. The Mukhtiárkar of the táluka, who is also the vice-president, is primarily responsible for the efficient control and supervision exercised on payments made and bills passed for the different works executed.

STATEMENT No. II.

Sale-proceeds of Trees, Grass, &c.—

	Rs.	a.	p.
1889-90	983	9	0
1890-91	1,191	8	11

Increase of Rs. 207-15-11 over last year due to sale-proceeds of the loppings of the road-side trees and of dead timber.

VI.—Provincial Rates.

	Rs.	a.	p.
Local rate 1889-90	1,60,805	2	6
„ 1890-91	1,92,401	6	3

showing an increase of Rs. 31,596-3-9.

This is due to increase in land revenue.

XVII.—Police.

	Rs.	a.	p.
Receipts under Cattle Trespass Act ...	5,235	13	9
Compared with the year 1889-90	6,869	11	9

show a decrease of Rs. 1,633-14-0.

These are the net receipts after deducting establishment charges and cost of annual repairs.

The decrease is due to greater expenditure in the year under report as compared with the previous year.

XXI.—Scientific and other Minor Departments.

Botanical and other Public Garden Receipts—

	Rs.	a.	p.
1889-90	2,011	15	2
1890-91	2,355	7	4

Under this head there is an increase of Rs. 343-8-2, due to better sales in the Pano Akil Garden and the Sháhi Bágh at Shikárpur.

XXXII.—Civil Works.

In charge of Civil Officers—

	Rs.	a.	p.
Tolls on ferries in 1889-90	21,316	9	0
and in 1890-91	18,876	15	10

show a decrease of Rs. 2,439-9-2, due to the opening of the Landsdowne Bridge to the public. The tolls levied on this bridge being lighter than those in force on the ferry steamers plying between Sukkur and Rohri, passengers have naturally preferred their goods to cross by the bridge. Before the opening of this bridge these ferry steamers were, in accordance with an agreement between the president, District Board, and the Manager, North Western Railway, under the management of the North Western Railway, but finding the receipts falling short of expenses, the Railway gave up the management. They are now worked departmentally, and some economies having been effected have up to now been worked at a profit.

Contributions.

From Provincial to Local—

	Rs.	a.	p.
In 1889-90	18,422	5	4
In 1890-91	63,774	7	10

show an increase of Rs. 45,352-2-6, which is due to the amount of contribution shown in the report of the previous years under XIX.—Education, having been transferred to this head, and also to Government order—*vide* Resolution No. 3847 of 5th June last—directing that all receipts from revenues assigned under Section 44 of the Act, except those for which special columns are provided, being credited under this head: consequently receipts from sand and quarry fees and licenses for the sale of poisons have swelled up this item.

Debt.

Under this head only the amount advanced by the District Board to the Táluka Board of Shikárpur at the end of the year to keep up its minimum balance under clause (*a*) of Section 57 of the Act has been shown.

This amount, however, has been adjusted during the current year.

Total Income, excluding opening balance.

Under this head there is an increase of Rs. 37,932-5-9, as follows:—

	Rs.	a.	p.
1889-90	2,50,171	1	3
1890-91	2,88,103	7	0

This increase has been fully explained under the different heads of this statement.

STATEMENT III.

The expenditure of the several Local Boards amounted to Rs. 2,74,521-5-9 during the year against Rs. 2,68,625-14-2 as shown in the previous year detailed as follows:—

18.—Administration.

Office Establishment—

	Rs.	a.	p.
In 1889-90	792	5	0
and in 1890-91	870	12	6

showing an increase of Rs. 78-7-6.

Office contingencies—

	Rs.	a.	p.
In 1889-90	468	6	9
In 1890-91	511	2	11

showing an increase of Rs. 42-12-2.

Payment of establishment for offices of account control and audit in

	Rs.	a.	p.
1889-90	5,016	13	11
and in 1890-91	5,104	15	8

showing an increase of Rs. 88-1-9.

The increases under this head are so insignificant that they call for no explanation.

XXII.—Education.

The expenditure on primary schools amounted in

	Rs.	a.	p.
1889-90 to	37,784	4	8
and in 1890-91 to	41,002	0	5

thus showing an increase of Rs. 3,217-11-9, which is due to the fact that additional teachers have been entertained during the year.

The amount expended on account of grants-in-aid during the year

	Rs.	a.	p.
1889-90 was	11,751	0	0
and in 1890-91	10,082	0	0

showing a decrease of Rs. 1,669-0-0.

Under "Scholarships" the decrease is Rs. 190-9-6 as compared with the figures of the two years:—

	Rs.	a.	p.
1889-90	2,771	14	6
1890-91	2,581	5	0

Under "Miscellaneous" in

	Rs.	a.	p.
1889-90	8,662	5	0
1890-91	8,146	3	4

there is a decrease of Rs. 516-1-8, due to economy exercised.

24.—Medical.

There is a very small increase of Rs. 20-1-6 under the head Hospitals and Dispensaries, which requires no explanation.

In the same way under Vaccination Establishment and Charges the increase is very slight, only Rs. 32-11-6.

26.—Scientific and other Minor Departments.

Under the head Horse Fairs the expenditure was as follows:—

	Rs.	a.	p.
In 1889-90...	5,937	6	1
In 1890-91...	2,617	0	0
Decrease	3,320	6	1

This is due to the fact that, while in 1889-90 the show was held in the Shikárpur District, in the year under report it was held in Jacobabad of the Upper Sind Frontier District.

The amount Rs. 2,617 represents Rs. 2,500 on account of this district contribution towards the Sind horse show and Rs. 117 is on account of arrears due for the former years.

Veterinary Charges.

Under this head there is an increase of Rs. 231, which is due to the fact that the full year's allowances were disbursed to the student this year, while in the year 1889-90 only a portion was disbursed for 4 out of 12 months of the year.

Bull and Stallion Charges.

	Rs.	a.	p.
1889-90	2,518	15	1
1890-91	1,974	11	5

The decrease Rs. 544-3-8 is due to less transit charges incurred in the year under report than in the year 1889-90.

Under Botanical and other Public Gardens the expenditure during the year under report is less than in the previous year :—

	Rs.	a.	p.
In 1889-90 it amounted to	3,028	15	5
and in 1890-91	2,378	11	10

showing a decrease of Rs. 650-3-7.

30.—Stationery and Printing.

	Rs.	a.	p.
Stationery purchased in the country in 1889-90.	288	11	6
Do. do. do. 1890-91.	189	15	4
Decrease ...	98	12	2
Printing, 1889-90	558	15	7
Do. 1890-91	669	8	11
Increase ...	110	9	4

due to additional cost incurred during the year in publishing lists 1 and 2 under Sections 20 and 21 of the Act on account of fresh elections.

XXXII.—Miscellaneous.

Petty Establishments.

Staging Bungalow and Serái Establishment and Charges :—

	Rs.	a.	p.
1889-90	1,925	4	10
1890-91	2,013	2	6
Increase ...	87	13	8

This is due to the entertainment of a peon to collect fees at the dák bungalows, Sukkur, where they were formerly leased out and no establishment was found necessary.

Other Petty Establishments and Charges.

	Rs.	a.	p.
1889-90	24,713	3	1
1890-91	26,107	15	9
Increase ...	1,394	12	8

Under this head is entered the cost of road-side tree establishment and also of well workers employed in different táluka wells. The increase is due to additional hands entertained owing to extension of tree-planting, which has made considerable progress in the district.

45.—Civil Works.

Original works in charge of Civil Officers—

Civil Buildings.

	Rs.	a.	p.
1889-90	6,287	4	8
1890-91	5,147	10	0
Decrease ...	1,139	10	8

Communications.

	Rs.	a.	p.
1889-90	40,780	3	5
1890-91	45,385	2	8
Increase ...	4,604	15	3

Miscellaneous Public Improvements.

	Rs.	a.	p.
1889-90	358	5	4
1890-91	732	0	4
Increase ...	373	11	0

Repairs.

Civil Buildings.

Communications.

	Rs.	a.	p.
1889-90	60,239	7	6
1890-91	63,184	1	10
Increase ...	2,944	10	4

Miscellaneous Public Improvements.

	Rs.	a.	p.
1889-90	1,230	0	11
1890-91	1,493	8	8
Increase ...	263	7	9

Water-supply and Water Works.

	Rs.	a.	p.
1889-90	9,740	14	4
1890-91	8,948	7	8
Decrease ...	792	6	8

The works and repairs in charge of Civil Officers are all ordinary, and are not such as to require professional skill.

The roads in this district are annually repaired, and are in good order.

The staging bungalows and seráis, which have been included under Civil Buildings, have been provided for by the different Boards wherever they were required, and are a great boon to the public travelling in hot as well as in cold weather.

The following works were in charge of Public Works Officers:—

Communications.

	Rs.	a.	p.
Bridge over Western Nára on Badra and Chana road ...	8,884	1	11
Do. over Arthurwah on Lárkhána and Badra road ...	1,199	12	10
Do. over Mundarwah	727	5	6
Do. over Nára at Dokri	890	8	0
Improving the raised portion of the road from Rohri to Mirpur	2,463	15	0

	Rs.	a.	p.
Bridge over Chittiwah	1,000	8	0
Bridge over Maharowah	610	5	2
Bridge over Masuwah	546	14	8
Bridge over Kur Dato on Sujával and Dost Ali road ...	164	7	4
Bridge over Kadowah or Navdero and Ratodero	2,920	0	0

Civil Buildings.

	Rs.	a.	p.
Staging bungalow, Kambar	1,194	0	0
Stallion stables, Mehar	451	0	0

Establishment and contingencies appertaining to Public Works—

	Rs.	a.	p.
1889-90...	2,484	6	9
1890-91...	2,775	5	8

showing an increase of Rs. 290-14-11, due to more costly works having been undertaken during the year under report than that previous to it.

The total expenditure on account of public works during the year

	Rs.	a.	p.
1889-90 was	1,49,254	13	2
and in 1890-91...	1,57,535	5	11

showing an increase of Rs. 8,280-8-9, due to the construction of the bridge over Western Nára at Jatri.

STATEMENT IV.

This statement shows the number and cost of new tanks and wells dug or sunk and other sources of water-supply repaired by each Board, and requires but little comment. As regards sanitation, proposals were submitted for certain villages in Mirpur and Ubauro tálukás in 1887, but they were not sanctioned: *vide* Commissioner's memorandum No. 165 of 28th January 1887 and No. 1248 of 7th April 1888. Since then sweepers have been engaged at the cost of the village communities requiring them. In the Lárkhána Division it is proposed to construct public latrines in certain well-populated villages and to maintain two sweepers for sanitary purposes for each such village—the village communities having expressed their willingness to bear a moiety of the cost, and the proposal is under consideration.

I have the honour to be,

Your most obedient Servant,
H. C. MULES,
Collector and President, Shikárpur District Local Board.

No. 188 OF 1891.

LOCAL FUNDS DEPARTMENT.

FROM

THE ACTING DEPUTY COMMISSIONER,
Thar and Párkar;

To

THE ACTING COMMISSIONER IN SIND.

Deputy Commissioner's Office,
Hyderabad, 14th July 1891.

SIR,

I have the honour to submit the annual report on the administration of the District and four Táluka Local Boards of this district for the year ending 31st March 1891, together with the four statements marginally noted.

I.—Constitution.
II.—Income.
III.—Expenditure.
IV.—Sanitation.

I.—Constitution.

2. The five Boards (*i.e.*, one District and four Táluka) were constituted under Government Resolution No. 1293, dated 12th February 1885. The population has been shown in accordance with the census figures of 1891. From the figures in columns 4, 5, the area and population of the Municipalities of Umarkot and Mithi have been omitted.

3. Owing to the backward condition of this district the elective franchise was not introduced. The two elected members represent the Municipalities of Umarkot and Mithi. The work is done almost entirely by the official members, the non-official members contenting themselves, for the most part, with attending at the meetings and agreeing to everything. Gradually, however, I hope to alter this.

4. The number of meetings has been generally satisfactory, but the Thar Board held six meetings less than in the previous year. The amount of money at their disposal, however, is very small.

II.—Income.

VI.—Provincial Rates.

5. As compared with the last year's figures there is an increase of Rs. 12,823-5-0 under this head, which was caused partly by a normal increase in the kharíf cultivation, but mainly by an abnormally large increase in the rabi crop grown on the Nára floods. It was also due to some extent to the realization of the one-anna cess in the Desert tálukás, the collection of which was postponed owing to the failure of crops in 1889-90. The fishery receipts are on account of dhands not supplied by water from Government canals. The Rs. 878-10-4 are on account of interest on the closing balances of certain Municipalities which were abolished in 1878 and the money invested in Government Paper and the interest is credited to Local Funds. The figures under this head for three years are given below :—

	Rs.	a.	p.
*1888-89	1,047	15	6
1889-90	649	5	2
1890-91	878	10	5
Total ...	2,575	15	1

The receipts under the Cattle Trespass Act represent the net profits of the pounds in non-municipal towns. There is a decrease of Rs. 614-6-1 under this head. This was partly due to the stoppage of roads and cultivation by floods; but in some cases the decrease appears to be unsatisfactory and is the subject of special enquiry. The Rs. 22 shown under "School Fees" are on account of examination fees levied under the Provincial Scholarship Rules which were erroneously credited to Local Funds, and subsequently credited to Provincial Funds by debit to Educational Local Funds. No regular school fees are levied. There is a decrease of Rs. 309-2-3 under "Garden Receipts," as compared with the last year's figures, which was caused by a partial failure in the fruit crop. The Rs. 15-11-5 shown under "Experimental Cultivation" represents the proceeds of the sale of some surplus wheat seed purchased for distribution in the Nára Valley. The sum shown under "Fairs" is on account of shop fees levied at the annual fair of Pir Pithoro in the Khipra Táluka. The "Serái Fees" are rents paid by Government servants for occupying quarters built by Local Funds and also rent of a market at Nagar Párkar. The amount shown under "Other Items" is on account of recovery of pension contribution paid in excess on the salary of schoolmasters, damage done to trees, sale proceeds of old beams. The Rs. 300 shown under the head "Civil Work" on account of contribution is paid by the Panchait of Jhuda for constructing a well at Jhuda in the Umarkot Táluka. The total Rs. 3,486 under "Contribution" is made up as follows :—

* Rs. 229-5-2 on account of 1889-90 received in March 1889 : hence the excess in 1888-89.

	Rs.	a.	p.
Provincial roads	833	0	0
Primary Education	2,450	0	0
Excise cess (in lieu of)	203	0	0
Total ...	3,486	0	0

As compared with the last year's figures there is an increase of Rs. 900, which is owing to Government having defrayed half the cost of constructing new school-houses, &c.

III.—Expenditure.

6. The Rs. 2,979-10-2 under "18 Administration" is the cost of pay and batta to the establishment entertained in the office of the Deputy Commissioner and to the Local Fund Overseer. The latter's salary is shown under this head in accordance with the instructions given in Government Resolution No. 5325 of 29th July 1890. The Rs. 340-7-2 under the same head is made up as follows:—

	Rs.	a.	p.
(1) Share of Establishment in the office of the Commissioner in Sind... ...	100	11	2
(2) Do. Educational Inspector ...	70	12	0
(3) Do. Accountant General	169	0	0
Total ...	340	7	2

7. The Rs. 120 under "Training and Special Schools" is on account of pay of the master of the Gadro Technical School. As compared with last year's figures under "Primary Education" it will be seen that there is an increase of Rs. 2,176-14-3, which is owing to the opening of 23 schools as follows:—

Boys'	2
Night	6
Indigenous	15
Total ...	23

Under "Education" the Rs. 695-4-9 is on account of the pay of students sent to the Hyderabad Training College and Agricultural Class, and of women sent to the Midwifery School at Hyderabad and on account of scholarships in primary schools. The sum of Rs. 2,192-8-0 is made up as follows:—

	Rs.	a.	p.
1. Contribution to Sind Mahomedan Madrassa...	400	0	0
2. Do. do. Arts College ...	200	0	0
3. Hyderabad Medical School	300	0	0
4. Do. Midwifery School	200	0	0
5. Umarkot Municipal School	550	0	0
6. Do. Technical do.	210	0	0
7. Do. Indigenous Schools in the district...	232	8	0
8. Do. Karáchi Museum	100	0	0
Total ...	2,192	8	0

There is a decrease of Rs. 1,092-8-0 under this head, which is owing to the amount of Rs. 1,000-0-0 having been given last year on account of the Medical School, Hyderabad, while nothing was given this year on this account. The sum of Rs. 2,773-14-3 under "Miscellaneous" is composed of the following items:—

	Rs.	a.	p.
1. Travelling allowance	96	0	0
2. Rent	98	9	7
3. Cost of books	231	14	7
4. School furniture	900	0	0
5. Contingencies and miscellaneous ...	919	12	3
6. Prizes	527	9	10
Total ...	2,773	14	3

Under this head there is an increase of expenditure of Rs. 606-12-10, which is chiefly on account of prizes and miscellaneous contingencies.

8. Under "Medical" the sum of Rs. 2,727-5-2 represents the following grants to charitable dispensaries :—

		Rs.	a.	p.
1.	Umarkot	440	0	0
2.	Mithi	125	0	0
3.	Nagar	897	0	0
4.	Khipra	600	0	0
5.	Chachra	665	5	2
	Total ...	2,727	5	2

The increased expenditure of Rs. 777-5-2 under this head as compared with the last year's figures is owing to the opening of a new dispensary at Chachra and increase of grants to Khipra and Nagar dispensaries. Rs. 2,517-2-9 is expenditure on the vaccination establishment, which includes a vaccinator for each of the seven tálukas.

9. The sum of Rs. 927-2-7 under "Experimental Cultivation" was spent in purchasing for distribution the soft white kind of wheat seed, which is being gradually introduced into the district on account of its superior commercial value. One horse and one donkey stallion are kept at Umarkot, the moiety of their cost being borne by Local Funds. The Rs. 300-0-0 under "Gardens" is a grant to the Economical Garden at Hyderabad.

10. The sum of Rs. 622 under "32.—Miscellaneous" is on account of pay to watchmen at dharmshálas; and Rs. 4,775-4-7 under "Other Petty Establishment" represents the expenditure on road-side trees.

Civil Works.

11. The sum of Rs. 16,325-4-2 has been spent under this head. The original expenditure is chiefly on constructing new schools, bridges, improving tanks and constructing wells. The sum of Rs. 825-3-10 spent by Public Works Agency is on account of raising the Tharwah and Mithrao roads and for repairs to the musáfarkhána at Giror. There is a decrease of expenditure of Rs. 7,478-15-9. This was due chiefly to its being found advisable to abandon certain projected works and substitute others in their stead for which plans and estimates had to be prepared: *e. g.*, a new road from Umarkot to the Tharwah head costing Rs. 2,644 was abandoned and a far better arrangement made with the consent of the Executive Engineer for utilizing the canal bank as a road. A well in the Jhuda Garden costing Rs. 900 was also abandoned, as it was decided to sell the garden, and the well is now being built in a place where the public will benefit by it. Money also provided for relief works in the Desert was not spent after the rains fell.

12. The Rs. 300 under "Advance" is on account of a permanent advance made to the Mukhtiárkar of Umarkot.

IV.—Sanitation.

13 This statement calls for no explanation. The reasons why drainage, water works and other sanitary improvements are less needed in Sind than elsewhere, are stated by Mr. Pritchard in his memorandum to Government, No. 1133, dated the 14th September 1888.

I have the honour to be,

LOCAL FUND DEPARTMENT.

FROM

C. E. STEELE, Esq.,

Deputy Commissioner, Frontier, Upper Sind;

To

H. E. M. JAMES, Esq., C. S.,

Commissioner in Sind.

Deputy Commissioner's Office,
Jacobabad, 30th June 1891.

SIR,

I have the honour to submit the annual administration report on the working of the Local Boards in the Frontier Upper Sind District for the year 1890-91, together with the Statistical Tables I to IV in the form prescribed by the Government of India, notified under Government Resolution No. 779 of the 30th January 1890.

2. The instructions contained in Government Resolutions Nos. 4686 and 3847, dated the 5th July 1890 and 5th June 1891 respectively, have been duly attended to.

3. Statement No. I gives the strength of each Local Board, the number of meetings held and the average attendance at each. With regard to the constitution of the Boards, it should be mentioned that the extension of the elective franchise to this district was not considered expedient owing to its comparatively backward condition; the Boards were, therefore, constituted under the conditions contained in Government Resolution No. 9547 of 3rd December 1884.

In terms of the notification so issued, the Jacobabad Municipality elects a representative from among its members, and in the other táluka head-quarter towns the Panchâyats return a member; for the rest the Boards consist of "*ex-officio*" and nominated members.

4. As regards area and population, the figures will be found to vary from those given in last year's report. The difference under the former head is due to the inclusion of a portion of the Thal Táluka in Kashmor and to the transfer from Kashmor of a small strip of country to the Punjáb. These changes, properly speaking, should have been noted in the previous report, but escaped attention.

The difference in population is due to figures being given in accordance with the returns of the recent census.

5. As regards the number of meetings, of these there seems to have been a sufficiency; the provisions of Section 34 of the Act were also availed of on twenty occasions for the circulation of propositions among members of the District Board.

6. The business of the Board is practically carried on by the official members; the others do little more apparently than to attend meetings, and to acquiesce in the proposals placed before them, which perhaps is as much as may reasonably be expected of them for the present. The official members have, as a rule, discharged their duties fairly well.

STATEMENT II.

7. A difference of Rs. 5-2-11 occurs between the closing and the actual balances shown in this statement and Statement III of the past year. This is due to an adjustment of Rs. 5-3-2 charged in excess by the Executive Engineer, Ghár Division, on account of works carried out by him in the Shahdádpur Táluka and to the payment of pies three short charged by the Executive Engineer, Begari Division, on account of Public Works establishment charges.

8. The headings in this statement are clear; and but few comments are necessary.

The sum of Rs. 40 shown under "Veterinary Receipts" represents, it should be explained, the share received on account of the hire of the Government stallions working at the municipal well.

9. The sum of Rs. 16,528-14-0 shown under Contributions is composed of the following items:—

	Rs.	a.	p.
Government grant on account of the Provincial roads ...	3,429	0	0
Do. in lieu of one-anna cess on Excise revenue ...	1,732	0	0
Do. to schools	1,558	0	0
Do. for horse show	2,000	0	0
Do. to school buildings	2,749	0	0
Do. fishery receipts	1,216	14	0
Grant by the Shikárpur District Local Board towards the Sind Horse Show	2,500	0	0
Contribution by the Jacobabad cantonments on account of repairs to roads round about Jacobabad	400	0	0
Contribution from private persons for construction of their water-courses	594	0	0
Contribution by private persons for sinking wells	350	0	0
Total ...	16,528	14	0

Statement III.

10. The following details are explanatory of such of the items in Statement III as stand in need of further elucidation:—

Administration.

Office.	Amount.			Remarks.
	Rs.	a.	p.	
Deputy Commissioner's...	1,932	0	3	These have been shown this year under Control and Audit.
Educational Inspector's...	90	1	11

Scientific and Minor Departments.

12. The figures under this head represent: —

		Rs.	a.	p.
(1)	Expenditure incurred on the Sind Horse Show held at Jacobabád	5,700	0	0
(2)	$\frac{2}{3}$ths of the expenditure on the keep and feed of the Government stallions stationed in this district; an exception in the proportion of the charges usually borne was sanctioned by Government in terms of their Resolution No. 4613, dated the 11th July 1888 ...	1,788	4	3

13. In all there are eight horse, one pony and six donkey stallions maintained, and their services are fully utilized; an additional pony would be appreciated.

Civil Works.

14. The principal works undertaken by Civil officers consist of the construction of three bridges in the Jacobabad Táluka at a cost of Rs. 1,827; of two musáfirkhánás, one at Garhi Hassan and the other at Tangvani, each costing Rs. 1,452. Stables for the stallions at Kashmor were also constructed, towards the cost of which Rs. 631-9-5 were paid from Local Funds. The roof of the musáfir landhi at Thul was renewed at an outlay of Rs. 320. Rs. 287 were paid during the year on the cost of the completion of the musáfirkhána at Mirpur, the total cost of which came to Rs. 1,482.

Four school-houses were constructed, *viz.*, at Garhi Khaira, Kaisarabad, Miranpur and Bakhshápur, at an aggregate cost of Rs. 3,383. Additions and alterations to two school-houses were also carried out at an outlay of Rs. 300.

15. The construction of the school building at Gouspur, which was undertaken last year, was completed at a further outlay of Rs. 800, bringing the total expenditure up to Rs. 1,450. Rs. 1,856-2-1 were spent on the sinking of new wells, and Rs. 121 on the improvement of others.

16. The works carried out by Public Works Agency consisted chiefly of bridges in the construction of which greater skill was required. Rs. 13,314-1-9 were expended in this way.

The entire expenditure of the year exceeded the income by Rs. 17,555-3-9; the excess was met from the balances of previous years, which even so remain at no less a figure than Rs. 26,222-5-9.

I have the honour to be,

Sir,

Your most obedient Servant,

C. E. STEELE,

Acting Deputy Commissioner, Frontier Upper Sind.

*This sum includes the permanent advance of Rs. 30 deducted last year from the balance.

† The sum of Rs. 16 on account of debt deducted last year from the balance of the District Local Board properly belongs to the Táluka Boards of Bágalkot and Hungund; and, therefore, the sums of Rs. 6 and 10 have now been deducted from the balances of those Boards respectively.

‡ The figures of income from one-anna cess of Táluka Local Boards of Pen and Panvel are shown as *minus* quantities, simply because contributions from those Boards to the District Board have been adjusted under this head instead of being shown under the head "Contributions (to other Boards)."

Statement of Local Fund Roads in charge of the Public Works Department in the Broach District during 1890-91.

No.	Names.	Length in Miles.	Original Cost.	Present condition of the work.
			Rs.	
1	Anklesvar-Hánsot road ...	13½	2,13,788	The road is metalled throughout its entire length and is in a fair order. Bridges and culverts are also in a fair order.
2	Broach-Jambusar road ...	29	5,42,620	The road is bridged and drained throughout, with the exception of a bridge over the Magnad Khádi between Jambusar and A'med. The first three miles are metalled, and the rest is simply embanked, and owing to the very heavy traffic the road gets much cut up during the busy season. A bridge over Dhádhar river has been constructed on this road about a year ago from a separate estimate at a cost of Rs. 1,50,841, and is opened to traffic.
3	Anklesvar-Borebhátha road ...	3	32,145	Is embanked, bridged and drained throughout, and is in a good state.

HIMATLA'L DHIRAJRA'M,
Acting Executive Engineer, Surat and Broach.

Statement of Local Fund Roads in charge of Public Works Department in the Surat District during 1890-91.

No.	Names.	Length in Miles.	Original Cost.	Present condition of the Works.
			Rs.	
1	Surat-Sachin road in British territory.	3½	11,225	It is a gravelled, bridged and drained road. Is much cut up and is therefore being gradually metalled at a total cost of Rs. 22,812.
2	Bilimora and Chikhli road in British territory.	2½	30,617	The road is metalled, bridged and drained, and is in good order. Masonry works on the road require repairs.
3	Road from Kim to Turkeshvar . And thence to Mándvi ...	9 18	93,987 Unknown.	This road is 27 miles long and is divided into three sections of 9 miles each. The first section is metalled and completed at a cost of Rs. 93,987. The second is simply a kutcha road and the third section is murumed. The first section is bridged and drained and is in a fair state, but the other two sections are partly bridged and drained and are much cut up by the traffic.
4	Road from Bulsár to Dharampor.	15¼	67,458	This is a murumed, bridged and drained road and is in a fair order, but some of the masonry works of bridges, &c., require extensive repairs. A bridge over the Wánki river costing Rs. 26,819 was carried out on this road in 1877-78 from a separate estimate, and if this amount be added to the expenditure on the road the total cost will be Rs. 94,277.
5	Road from Majuragate to Bhurthana in Chorási Táluka of Surat Collectorate.	1½	4,045	It is a gravelled, bridged and drained road and is in good order. This has been handed over to the Local Board from 1st April 1891.
6	Road from Ránder to Olpád ...	8½	86,411	The road was originally bridged, drained and metalled partly with local metal and partly with gravel. But owing to very heavy traffic the road is not in a satisfactory state of repairs, and extensive repairs are necessary both to masonry works and to the road-surface in order to bring it up to the desired state of efficiency.

APPENDIX V.

Statement containing Notes of the Executive Engineers, showing the original cost, mileage and present condition of Local Fund Roads in the Southern Division for the year 1890-91.

No.	Name of Road.	Original Cost.	Mileage.	Remarks by the Executive Engineer as to the present condition of the road, &c., &c.
	Belgaum District.	Rs.	Miles.	
1	Bágevádi Bail Hongal ...	Not known .	34	Miles Nos. 1, 2, 3, 12, 13 are in bad condition; the remainder of the first portion is in a fair order.
2	Road from Athni to Kágvad ...	Do. ...	24	Portion from mile No. 63 to 68 in fair condition.
3	Do. Gotur to Tásgaum ...	Do. ...	47	Portion up to mile No. 53 and portion from 56 to 74 miles in fair condition.
4	Do. Saundatti to Dhárwár.	.....	...	The existing road is a mere country track. The new road is under construction.
5	Do. Manoli to Saundatti ...	.....	...	Do. do. do.
6	Do. Sankeshwar to Hukeri.	Not known .	9	Miles 12 and 13 from station, *i.e.*, 1 and 2 from Hukeri, are in a tolerably fair condition; rest in bad condition.
			114	
	Bijápur District.			
1	Road from Hungund to Ilkal ...	.....	8	Under construction.
2	Guledgudd-Kattigeri Road ...	29,278	6½	In very good order. This is a metalled road; waterways in good order.
3	Bágalkot-Hungund Road ...	67,338	27½	In good order. This road has been metalled out of current repairs grant; waterways in good order.
4	Muddebihál-Almatti Road ...	85,260	19½	In good order; waterways in good order; this is a muram road.
5	Road from Indi to Indi Railway Station.	12,068	3½	In good order.
6	Bijápur-Shindgi Road ...	Not known .	35½	In bad order. Dips almost impassable, many of which require to be repaired.
7	Sholápur-Bellary Road—portion from Halsangi to Hungund.	Do. ...	92½	These are fair weather roads. They have been given in charge of the Public Works Department for maintenance since 1890-91. Before that they were maintained by the Local Boards themselves. These roads require extensive repairs to make them passable at all seasons. The náka crossings are not in proper order. The repair grants are very limited. I do not propose to undertake the repairs to Hippargi-Tálikot Road in future, unless larger grant is given. As far such simple repairs as can be done out of the grant, it is waste of money to employ expensive establishment, and such repairs require no engineering skill.
8	Almel-Pandharpur Road (portion from Almel to Sirdhon).	Do. ...	44	
9	Hippargi Tálikot Road ...	Do. ...	30	
			267	
	Dhárwár District.			
1	Navalgund Annigeri Road ...	1,10,226	11½	Metalled throughout and in good order. Three unbridged streams sometimes give a little trouble.

APPENDIX V—*continued.*

No.	Name of Road.	Original Cost.	Mileage.	Remarks by the Executive Engineer as to the present condition of the road, &c., &c.
	Dhárwár District—continued.	Rs.	M. ft.	
2	Navalgund-Ron Road ...	1,49,007	28	A fair weather road only, unbridged as to the large streams and muramed for only 20 miles.
3	Masur-Mundargi Road ...	32,248	47	A fair weather road misnamed. From Masur to Gutal the road is made or being made. North of Gutal towards Mundargi, a distance of 25 miles, there is no road at all, nor is a road likely to be made for many years. Just outside Mundargi the road is made for 7 miles in the direction of Gutal.
4	Pála-Bádámi Road	1,45,070	78	This also is a too ambitiously named road. From Pála to Bankápur (19 miles) it is a good muramed road bridged throughout. From Bankápur to Yelwigi (14 miles) the road is bridged and metalled in the portions within British territory, but there are bad breaks in the Native States of Sávanur and Miraj (Junior). From Yelwigi the road is through Native States for a length of 15 miles, and is fair in places and indifferent in others. Near Mulgund, where British territory is again entered, there is a break of 7 miles of unmade road to Horti. From Horti to Bádámi frontier (37 miles) the road is fair, but unbridged and heavy in the rains.
5	Tadas-Gundi Road	Not known	34½	A fair weather road mostly unbridged.
6	Harihar-Samasgi Road ...	Do. ...	51¼	A fair weather road metalled in places.
7	Byádgi-Havasbhavi Road ...	24,081	10¾	A fair weather road metalled in places.
8	Dhárwár-Tadas Road ...	36,849	29½	A fair muram road bridged throughout.
9	Tadas-Kargod Road ...	Not known...	15½	Little better than a clear track.
10	Dhárwár-Haliyál Road ...	21,980	17 656	A metalled road, bridged and drained; in fair order.
11	Dhárwár-Saundatti Road ...	29,825	13 1,425	Partially metalled, but unbridged.
			335¾	
	Kánara District.			
1	Road *from* Aminhalli to Kumta *viâ* Nilkund Ghát.	Not known...	32	The road is a muram road with steep gradients and culverts, with dry stone piers, and abutments. It has been surveyed and will be improved as funds permit. The traffic is rather heavy, being about 4,000 carts per annum.
2	Road from Yellápur to Kodkani *viâ* Sirsi.	Do. ...	63	From Sirsi to Kodkani the road is in a fair order. The portion between Sirsi and Yellápur is only a cleared track with steep gradients; and measures are being taken to improve it gradually.

APPENDIX V—*continued.*

No.	Name of Road.	Original Cost.	Mileage.	Remarks by the Executive Engineer as to the present condition of the road, &c., &c.
		Rs.		
	Kánara District—continued.			
3	Road from Sirsi to Hillúr *vid* Vaddy Ghát.	Not known...	29	This road was transferred to the Public Works Department in 1889-90. It was in a very bad state, and the length up to the foot of the Ghâts was improved during the year 1890-91. The Ghát portion is still impassable, and steps will have to be taken to improve it.
			124	
	Kolába District.			
1	Road from Alíbág to Revas ...	1,54,188	15	The road is from 18 to 20 feet in width. It is embanked, bridged and drained, and has muram surface. About 4 miles of the road from Revas side run through salt marshes, and the mile near Revas is in some places subject to damage by high water from Dharamtar creek; otherwise the road is in fair condition.
2	Road from Roha to Kolád ...	17,592	7¼	This road is 18 feet wide and is bridged and drained throughout, with the exception of one tidal nála near Roha. It is a muramed road, and is in process of being metalled. It is in fair condition.
3	Road over Mutholikhind (section of Indápur and Tale Road).	17,066	2¼	The road commences from a point about one mile west of Nágothna-Mahábaleshvar road near Indápur, and comprises the whole of the Ghát portion. It is 18 feet wide and is bridged and drained throughout, and provided with muram surface. It is in good condition.
4	Portion of Pen-Panvel Road between Dusviford and Kalhikhind.	16,998	3½	The road is 16 feet wide, bridged and drained throughout, and has a muram surface. It is a section of Pen-Panvel Road, and commences from the creek at Dusvi and ends at the foot of Kalhi khind. It is in good order.
5	Road from Salav to Korlai ...	5,359	2½	It is a muramed road 16 feet wide and is embanked, bridged and drained. It commences from the south bank of Revdanda creek and joins the road to Janjira-Murud, in the Janjira State. The road is in good order.

} Forwarding reports on the administration of the Local Boards in their respective Divisions for the year 1890-91 together with Statistical Tables Nos. I @ IV.

Letter from the Government of India, Home Department, No. 2, dated 7th January 1892—Requesting that the reports on Local Boards Administration in the Bombay Presidency for the year 1890-91 may be expedited.

Letter from the Government of India, Home Department, No. 11, dated 23rd February 1892.

Letter from the Officiating Under Secretary to the Government of India in the Home Department (Local Boards), No. 24, dated 23rd May 1892—Inquiring when the Government of India may expect to receive the Resolution of this Government on the Report on the Administration of the Local Boards in the Bombay Presidency for the year 1890-91.

RESOLUTION.—There was no extension of the elective system during the year under review, and in three complete districts and in parts of two other districts all the members of the Local Boards are nominated by Government. In twelve districts the average attendance of members at meetings exceeded 50 per cent., and in Ahmedabad, Surat, and Sholápur only did it fall much below this standard. In some of the tálukas of Kánara to which the franchise has not been extended the attendance was very poor, and in such localities special care should be taken to select as members persons likely to take an interest in the affairs of the Boards. The Commissioner, C. D., comments unfavourably on the lack of interest displayed by non-official members in his division, and in some cases the results are certainly very discouraging even after allowing for the fact that many of the members live at a distance from the head-quarters of their tálukas. The number of meetings prescribed by the rules was held by each Board.

2. The funds at the disposal of the Local Boards are shown in the following table:—

	Opening balance.	Income.	Total.
	Rs.	Rs.	Rs.
Northern Division	6,87,716	11,99,364	18,87,080
Central do.	6,94,289	13,16,035	20,10,324
Southern do.	7,89,606	10,19,964	18,09,570
Sind...	4,81,485	7,51,969	12,33,454
Total ...	26,53,096	42,87,332	69,40,428

The revenue of the Northern Division, Central Division, and Sind increased by over Rs. 40,000 in each case, while that of the Southern Division is returned as Rs. 32,000 less than in the previous year. As under Government Resolution No. 3847 of the 5th June 1891, considerable changes were introduced in the system of classifying receipts, a comparison of the two years' figures is difficult. It may be remarked however that the falling off in the revenue of the Southern Division is only nominal as this year's figures are in most cases *net*, while last year, owing to transfers from Board to Board being shown as receipts in Statement II, part of the revenue was credited twice over. No further important changes in classification have been recommended, or appear necessary, except that referred to in paragraph 10 of the report of the Commissioner, N. D., under "XXXII Civil Works." The Commissioner proposes to change the sub-head "Ferry Tolls" to "Tolls on Ferries and Roads." In so far as tolls on Local Fund roads are concerned, it is right that the receipts should be credited under the major head "Civil Works," and it will prevent confusion if all tolls credited to Local Funds are classed under the same head. The proposed alteration should therefore be made in the sub-head. The procedure adopted, according to the Commissioner, with regard to the item of Rs. 17,000 granted by the District Local Board of Ahmedabad towards the construction of the bridge over the Sábarmati is not understood; it is debited as a contribution in Statement III, and appears again as a receipt under Debt (Loans) in Statement II. It should be remembered that whatever the entries in the accounts may be, in Statements II and III, Government desire to have, as far as is possible, the *net* figures; the cases of difference will be few and easily ascertainable. The amount received as a contribution towards the construction of the dispensary building at Párner should have been credited under "XX Medical," minor head "Contributions," and not under "Endowments."

3. The expenditure and closing balances are shown below, as taken from Statement III:—

	Expenditure.	Closing Balance.
	Rs.	Rs.
Northern Division	11,01,407	7,85,672
Central do.	12,36,081	7,73,968
Southern do.	9,72,336	8,37,234
Sind...	7,33,972	4,99,482
Total ...	40,43,796	28,96,356

There is a small difference amounting to Rs. 275 between the figures of revenue in Statements II and III for the Central Division, which has not been explained. It is observed that in some cases permanent advances drawn under Section 50 of the Local Boards Act are debited as expenditure under the head "Debt," while in other cases no such entry is made. As expenditure from permanent advances held by Presidents and Vice-Presidents is almost at once included in the accounts under the proper heads, it will be most convenient to follow the practice in force in the Southern Division and in Sind, and not enter such advances as expenditure under "Debt."

4. Government observe with pleasure the increase in the amounts spent on the improvement of water-supply in the Central and Northern Divisions. His Excellency in Council observes with regret that but little is being done for the improvement of village sites. Whilst in every Division and in Sind there are ample balances to the credit of the Boards, and whilst in the three Divisions

of the Presidency Proper the revenue considerably exceeded the expenditure, only Rs. 4,886 were allotted to this head. His Excellency in Council trusts that the Boards, whilst doing so much for the improvement of water-supply, will also pay attention to the important duty entrusted to them of improving the sanitary condition of the villages, from the occupants of which the Local Board revenue is largely drawn. The falling off under the head "Improvement of Water-supply" in the Southern Division should have been explained.

The improvement of communications in Bijápur has received the attention of Government, and will be prosecuted as funds may admit.

5. The reports and statements have been carefully written and compiled. Government trust that they will be submitted in future punctually by the day fixed.

Under Secretary to Government.
